HIGHLIGHTS & DESCRIPTION

Combination Hunt in Wierzchlas

Combination Hunting in Poland

Quiet, informal, cozy and cheap. A real hunter thrives best in the company of good friends!…. Combination hunts are a popular combination of small driven hunts and individual hunts during the autumn and winter. Normally a small driven hunt for groups of 5 -7 guns are arranged in the mornings, while afternoons are spent on individual hunts.

These hunts often produce very decent results and are always very enjoyable of spending time in the company of your hunting friends.

We have access to a wide range of the very best State Forest Districts in western Poland, of which the vast majority offer top quality hunting. These State Forest Districts all have well trained, experienced and very responsible hunting personnel, who all have a job connected to the district.

The hunt starts with a briefing around dawn, where the head gamekeeper tells about how the hunt will progress, and inform you about the safety procedures during the hunt. Normally our combination hunts take place over 4 days and include 3 days hunting,. Typically 5-7 guns are needed to adequately cover the drives.

The small driven hunt will carry on until midday, then each hunter will be assigned his own guide and resume hunting in the form of stalking after hinds or wild boar.

This form of hunting is a quieter alternative to large driven hunts. The return per hunter is, as a rule, slightly higher than on a driven hunt and comradeship - because of the

group’s more modest size - more close. Generally it is also possible to buy meat at very attractive prices.

Many groups book their hunt together year after year with their regular hunting comrades. You can hunt on a fixed price package, or following the price-list, depending on what the group prefers. But take care - you can quickly become addicted to these hunts.

ACCOMMODATION

Accommodation - Wierzchlas

The accommodation takes place in a small country house, which is located in the middle of the hunting area.

The accommodation is of an older standard, but is incredibly cozy, and our visiting hunters are always very satisfied with the service and catering. The catering is excellent and highly praised by our hunters, and the atmosphere around the entire hunting lodge is characterized by coziness.

The guest section on the 1st floor contains 1 three-bed room and on the lower floor 1 single and 1 triple room, all of them have their own toilet and bathroom. The entire area (including parking) is fenced.

PARTNER

RDLP Torun

We have worked together with the Regional Direction of State Forests in Torun –the Regionalna Dyrekcja Lasów Panstwowych we Toruniu, or in everyday language the RDLP Torun – for the last 21 years, and before that Wilson Jagtrejser (which later became Diana) worked together with some of the districts. Our partnership includes 8 state forest districts, and we have long term agreements with all 8 districts. Of the rest (= 19) of RDLP Torun's total of 27 districts, the hunting is let out to various Polish hunting associations. Some of the districts lie in the "Bory Tucholski" – Poland's biggest forest complex.

In common for all the state-owned districts under RDLP Torun, which was established in 1925 and is one of the oldest regional directions, is good, professionel and stabile game mangement, with each district having it's own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a"total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Torun is clearly a good choice!

HUNTING AREA
Wierzchlas

The Wierzchlas state hunting district is 11,773 ha.in size, of which 7,068 ha. is forest and the remaining 4,705 ha. consists of farmland, meadow and wetlands. The forest consists predominantly of conifers, with scattered areas of oak and birch. The district is mainly flat, although some parts are gently hilly. There are numerous lakes and ponds, both large and small. Wierzchlas has more than 100 high seats/stands and 30 feeding places. It is also possible to carry out an exciting hunt from a horse drawn wagon, provided that this is booked in advance. Up to 5 hunters can be catered for when hunting individually, while the very popular combination hunts can be arranged for groups of up to 7 - 8 hunters.

The district is home to roe deer, red deer, wild boar and a small population of fallow deer. Around 90 roebucks are taken here every year. The majority of these have a trophy size of under 280g net, but bucks with a trophy of over 300g are also produced. The annual red stag quota is 25 - the vast majority of trophies having a weight of between 4 - 5 kg. However stags of over 6kg are taken every year. At present no fallow deer have been released for hunting. Wierzchlas has a dense population of wild boar, and these can be shot on individual hunts throughout he season, and on driven/small driven hunts in the autumn and winter months. Small driven hunts are usually carried out with groups of 5 -8 hunters, in combination with individual hunting.

Wierzchlas is 300km from the border crossing at Kolbaskowo south of Szczecin, just 60 km from Bydgoszcz, which is the nearest large town, and around 150km from the airport at Gdansk, which is the closest international airport.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
