HIGHLIGHTS & DESCRIPTION

Doe-Hind Hunt in Miedzyrzecz

Hind Hunting in Poland

To creep slowly into shooting range of a herd of red deer hinds is anything but easy. There are always alert pairs of eyes and ears amongst them. When you manage to actually do so, a hunter's feeling of success is absolute...

If your goal is to enjoy the greatest amount of hunting experiences from the lowest possible amount of money, then stalking hinds and calves/lambs in the autumnal forests of Poland could be a really good bet for the perfect hunting tour.

An important part of game management practices is to cull hinds and calves/lambs each and every year. A large proportion of these are shot during individual hunts. This type of hunting is, thanks to the very low trophy fees, very reasonable but the challenge of getting the better of the watchful hinds is, as a rule, at least as great as that of shooting a roaring stag on a trophy hunt.

You can enjoy a lot more hunting for your money, and you will even have the opportunity to buy the venison to take home with you at a very reasonable price. This will add another dimension to your hunting, and you will be able to serve the results of your hard work to your guests!

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality hind stalking. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

HIGHLIGHTS

- District 11,000 hectares in size
- Annual shooting quota: 70 red deers and 55 roe deers
- Charming accommodation in the district itself

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns. You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset.

Mangy hunters often regularly take part in hind stalking with a couple of good comrades. This makes a good tradition, which will help polish your hunting skills at a very reasonable price!

PARTNER RDLP Szczecin

Our partnership with the Regional Direction of State Forests in Szczecin – the Regionalna Dyrekcja Lasów Państwowych we Szczecinie, or in everyday language the RDLP Szczecin – dates back to 1982, when we first started to send hunters to one of their districts. More districts were added later, and now in 2016 we have long term contracts with 4 of the best state-owned districts. Of the rest (= 31) of their total of 35 district, the hunting has been let out to various Polish hunting associations, except for 5, which are sold via other agencies.

In common for all the state-owned districts under RDLP Szczecin, which was established in 1978, is good, professional and stabile game mangement, with each district having it's own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts, and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel

in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Szczecin is clearly a good choice!

HUNTING AREA **Miedzyrzecz**

The state district of MIEDZYRZECZ is located in western Poland close to the Polish/German border. The area covers a total area of 11,000 ha, of which approx. half is forest, while the rest is agricultural land and meadow. The forest consists primarily of coniferous forest, but there are also around 1,000 ha of hilly terrain with ash, oak and beech. The river "Jeziorna" ran through the area. Along the river are wetlands with reeds and alder forests. On individual hunts, up to 4 hunters can hunt at a time.

In the territory there are both roe deer, red deer and wild boar, with the roe deer as the predominant game species. 55 are shot every year, of which 30 are bucks. In terms of trophies, most are between 250-350 g net, but some bucks up to 400 g are also killed. The annual red deer quota is 70, of which approx. 30 are stags which, in terms of trophies, are between 5-7 kg in trophy weight. There are also wild boars in the area, but as in the other Polish areas, the population is declining due to the wild boar plague.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
