HIGHLIGHTS & DESCRIPTION

Unique combination hunt! Chamois, mouflon,...

Overview

At the areas around Senj we can offer an especially exciting hunt for chamois and mouflon. The areas belong to the best in Croatia, with a strong game population and good chances for medal trophies. Every year many hunters bring home a nice trophy and memories of a hunt in fantastic scenery. The hunting for bear, red and fallow stag takes place about 20-30 km inland, but still with a view to the Adriatic coast.

The hunt for chamois and mouflon takes place in very hilly areas, so you should be quite fit and have stamina. The hunt for mouflon is not as demanding as the hunt for chamois.

Due to the very strong population of chamois you may even get two chances to bag a good trophy. The shooting distances is normally between 150 - 300 meters, so please make sure you are able to make such a shot. When a chance occurs you must be focused and ready within very short time. The shooting distances for mouflon are normally between 100 - 250 meters.

Off the Adriatic coast you will find a very good mouflon and chamois population, and challenging hunting in literally breathtaking scenery.

The hunt for bear only takes place from comfortable high seats, and you can rent rifle and night scopes at the area. The hunt for fallow stag takes place both from high seats and as stalking.

HUNTING AREA Senj

A slightly rugged area with a dense growth of Maquis shrub and hidden areas of grass provides the ideal habitat for chamois and mouflon. These conditions are exactly what the area around Senj offers.

What makes this unforgettable hunt particularly attractive is that, as the hunting district is next to the coast, you always have a view over the sea. The area is renowned for its strong population of chamois and mouflon and many good medal trophies have been shot here.

The bear and fallow areas are 20-30 km inland and you can hunt for nearly any size bear. The population is very strong and a gold medal is more the rule than the exception.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
