HIGHLIGHTS & DESCRIPTION

Roebuck hunting in Ladek Zdroj

Hind Hunting in Poland

To creep slowly into shooting range of a herd of red deer hinds is anything but easy. There are always alert pairs of eyes and ears amongst them. When you manage to actually do so, a hunter's feeling of success is absolute...

If your goal is to enjoy the greatest amount of hunting experiences from the lowest possible amount of money, then stalking hinds and calves/lambs in the autumnal forests of Poland could be a really good bet for the perfect hunting tour.

An important part of game management practices is to cull hinds and calves/lambs each and every year. A large proportion of these are shot during individual hunts. This type of hunting is, thanks to the very low trophy fees, very reasonable but the challenge of getting the better of the watchful hinds is, as a rule, at least as great as that of shooting a roaring stag on a trophy hunt.

You can enjoy a lot more hunting for your money, and you will even have the opportunity to buy the venison to take home with you at a very reasonable price. This will add another dimension to your hunting, and you will be able to serve the results of your hard work to your guests!

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality hind stalking. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

HIGHLIGHTS

- District 11.428 hectares in size
- Hilly terrain up to 1.000 meters
- The accommodation takes place in a small cosy hotel on the outskirts of Stronie Sl.

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns. You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset.

Mangy hunters often regularly take part in hind stalking with a couple of good comrades. This makes a good tradition, which will help polish your hunting skills at a very reasonable price!

ACCOMMODATION

Accommodation - Ladek Zdroj

Accommodation is provided on the first floor of a family owned restaurant - owned by the wife of the former gamekeeper Tadeusz. It is a small but very charming restaurant with good guest rooms - located in the lovely surroundings of the hunting district. Depending on the time of year, this area can be popular with tourists, especially during the winter when thousands of skiers come to the region. But none of this has any impact on the hunting, which takes place well away from the tourist areas. There is both WiFi and mobile phone coverage here.

PARTNER RDLP Wrocław

The Regional Direction of State Forests in Wrocław – the Regionalna Dyrekcja Lasów Państwowych we Wrocławiu, or in everyday speech the RDLP Wrocław – is our longest standing partner in Poland. We have been sending hunters to the districts managed by RDLP Wrocław since 1978, when we used one of the districts. Now we use a total of 11 state owned districts, of which we have long term contracts with 6 of the very best. On the rest (= 22) of their total of 33 districts, the hunting is let out to various Polish hunting associations.

In common for all the state-owned districts under RDLP Wrocław, which in 2015 could celebrate its 70th anniversary, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is

normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Wrocław is clearly a good choice!

HUNTING AREA Ladek Zdroj

The Ladek Zdroj state hunting district lies in the Sudety mountains in the south western corner of Poland, at the border with Czech Republic. The district covers a total of 11,428 ha. of which 9,323 ha. are forest, while the remaining 2,105 ha. consists of farmland and meadow. The forest is predominately coniferous. The Sudety are gentle, forest clad mountains, largely covered with tall fir trees. The forest floor has a rich vegetation of grasses and ferns. Ladek Zdroj has over 75 high seats/stands as well as 20 feeding places. It is also possible to carry out an exciting hunt from a horse drawn wagon, provided you book it in advance. Up to 6 hunters can be taken at a time.

The district has roe deer, red deer and wild boar, but it is red deer that is the most important game species. Currently only a few roe bucks are shot here. Around 160 head of red deer are shot here during the hunting season, - 40 of which are stags - most of which have a trophy weigh of between 3.5 - 5kg. During the last years the trophy size has shown a growing tendency. The rutting season is usually very good at Ladek and the hilly terrain gives good, challenging stag hunting. Wild boar is usually hunted in combination with hunting for stags and hinds.

Ladek Zdroj is 300km from the border crossing at Forst/Olszyna, 90 km from Walbrzych, which is the closest major town, and 125km from Wroclaw,- the closest international airport.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
