ACCOMMODATION Red Stag hunting in France

During the hunt, in most cases, our hunters will stay in a small but very charming guesthouse/hotel/pension, either in a small mountain village or out in the countryside. Generally speaking our hunters have been very enthusiastic about the choice of accommodation, which is often a carefully restored building, several centuries old, which has been transformed into a comfortable, tastefully furnished property, with all modern facilities. The food also receives high praise. It is often the owners of the establishment who run the kitchen, conjuring up one delicious dish after another. Your stay here will include full board.

In the Pyrenees there are plenty of exciting attractions to explore either before or after your hunt. Sarlat is a very attractive medical town, while you can visit many beautiful, charming villages, chateaux and large cave systems with underground rock formations and ancient cave paintings.

PARTNER Sudchasse

08

Our partner, Julien, is both an outfitter and professional hunter, who has been carefully building up his successful company over a number of years. We have enjoyed an excellent working relationship with Julien since 2012, and he has really taken great care of our hunters, giving them some great hunting experiences and some fine trophies.

Julien offers roebuck hunting during the summer, while during the autumn and winter he concentrates on hunting chamois, mouflon and red deer.

Together with his skilled hunting guides, he takes care of all aspects of your hunt and accommodation here. He makes sure you will stay as close to the hunting district you will hunt in as possible, that all the licenses and paperwork are taken care of, and that your trophies will get the best possible treatment.

HUNTING AREA

Red Stag hunting in France

In the Pyreneese we can offer two different red deer districts. The first is close to Font-Romeu which is to the west/south west of Perpignan and the other is near Massat, to the south of Toulouse.

Here you will enjoy challenging hunting in very beautiful, varied, forest-clad terrain. You can come across both dense forest, clearings, beautiful mountain meadows and barren rocky areas. There is little in the way of agriculture, which is mainly only pastoral here.

The trophies are similar in size to those from Spanish Red deer, but prices here are significantly cheaper. You can expect trophies of between 4 and 7 kg, 8-12 pointers with a minimum age of 7 years.

The nearest airport is Toulouse.

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
