PARTNER
Osonjiva Hunting Safaris

For many years, Osonjiva was owned by Tinus van Rensburg. In 2021, Tinus had a heart attack, and unfortunately he died. We were very sad to receive this message, as we have had a long and good co-operation with Tinus.

During the years, several of our clients have probably made acquaintance with Tinus' middle son, Johan.

Johan, who is now 38 years old, has now taken over his fathers farm, so that it continues to run in the family. In the meantime, Johan has also become a Big Game PH.

And he is now also an educated, professional Tour Guide, and therefore we are happy to offer – in co-operation with Johan – a combined trip with hunting at Osonjiva and a sightseeing tour in Namibia after the hunt with Johan as your guide. Tell us about your wishes, and we will gladly make an offer.

At Osonjiva they are happy to receive a single hunter as well as married couples, families and smaller groups of hunting friends.

HUNTING AREA Osonjiva

Osonjiva Hunting Safaris is very popular among our clients, who have visited this destination during the many years where Limpopo Travel has represented them. Here you can hunt the typical Namibian plains game species, and the trophy fees on species such as Oryx, Hartebeest, Blue Wildebeest and Warthog are very attractive.

The population of game on this hunting farm is fantastic, and the quality of the trophies is really good. The family, who owns this place, also run one of Namibia's most wellknown taxidermy studios (see www.namibia-taxidermy.com), and because of these ownerships they have a very thorough knowledge of the hunting business in Namibia, and this pays back to our clients with a high level of service.

Whether you are an experienced plains game hunter or a novice does not really matter – Osonjiva offers the perfect settings for your next adventure !

About us

i

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
