Frontier Safaris arrange hunting in their own area Burchell Game Reserve in the Eastern Cape Province in South Africa. This area is situated about 110 km from the airport in Port Elizabeth (you fly domestic from Johannesburg to Port Elizabeth). Frontier Safaris naturally pick-up and take back their guests from/to Port Elizabeth. Burchell Game Reserve is incredible 27.000 hectares. A really beautiful area, in many places hilly and mountainous, but they also have flat and more open areas in the valleys and on top of the mountains. We have now been working with Frontier Safaris for 8 seasons, and the hunters we send there to hunt, return with very good feedback.

HUNTING AREA Frontier Safaris

Frontier Safaris' hunting area is one big area of 27.000 hectares - with open plains, mountains and thick bush.

In the hunting area you can hunt a lot of different species, however none of the Big Five, but there is a very big variety of antelopes from the small Grey Duiker to the big Cape Eland.

Although it is sold at discount prices, there is nothing lacking with the hunting, accommodation, food or trophy quality - quite the opposite! The hunt takes place on a well cared for district covering 27,000 hectares in one continuous area - quite big enough for the game populations to live out a natural life in the bush.

Here you hunt in the traditional way - on foot, after the game has been spotted from a vehicle. In this district you can find good populations of all the local native antelope species such as kudu, blue and black wildebeest, eland, waterbuck, oryx, zebra etc. In total you can hunt approx. 30 species here!

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
