HIGHLIGHTS & DESCRIPTION

Combo-hunt, driven and individual hunt in ...

Overview

If you dream of hunting wild boar, red deer and roe deer in wooded, hilly terrain, then Croatia is worth a visit. Here we offer a unique opportunity for combination hunting of several game species in a fantastic area near Jadovno, which is close to the coast. It is driven hunting in the morning for wild boar with free shooting, and individual hunting in the evening/night from a high-seat. The hunters will have opportunities to see both bears and wolves during the hunts, but these may not be hunted unless there are licenses left for bears. There will also be the possibility of red stags, roebucks and chamois if there are any left in the culling plan.

The hunting area extends over 6,000 hectares and is very varied from wooded hills to lush valleys and makes hunting incredibly exciting. The driven hunt in the morning is only for wild boar, as the hunting law in Croatia does not allow the hunting of other game with dogs. The individual hunt will mostly take place from the high-seats in the evening and at night, and it is possible to rent thermal night equipment, which increases the chances of getting some boars. Croatia is home to a healthy population of wild boar.

TRAVEL

You can fly to Zagreb or Zadar. Here you will be met by our people in Croatia, and from the airport there is a transfer of approx. 1,5 hours to the hunting area and accommodation in a cozy hunting lodge situated beautifully in the area.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
