HIGHLIGHTS & DESCRIPTION

Buffalo-, Sable- and Leopard Hunt at Roger...

Overview

Roger Whittall Safaris have been hunting in Mozambique since 2007. They offer hunting in the enormous Niassa district.

The hunting is mainly carried out as "spot and stalk" hunting, where you start stalking your quarry on foot after it has first been spotted from a 4WD vehicle. The terrain set no real challenge to the hunters physical condition.

Accommodation is in a newly built camp with brick built huts, erected on the banks of the bed of the dried out River Nyamafunda, with fantastic views over the pristine bush. This is a destination that solely revolves around hunting and nature - here you are far from the stresses and strains of everyday life.

HIGHLIGHTS

- Breathtaking wilderness
- A district with a great diversity of free living game
- A chance to experience a safari just as they have always been
- The hunt is typically carried out as "spot and stalk"

PARTNER

Roger Whittall Safaris

Guy Whittall was born and raised in Humani. He spent his early years hunting, fishing, and simply adventuring in his family's boundless backyard. He excelled in ball sports, representing Zimbabwe in rugby and cricket at the schoolboy level before becoming a permanent member of a formidable Zimbabwean cricket team. In 2003, Guy retired from international cricket, obtained his professional hunting certificate, and returned to his roots to assist his father in managing the family's safari business. He currently hunts in Humani and other Save Valley blocks, contributing to the day-to-day operations of Roger Whittall Safaris.

HUNTING AREA Messala

The hunting concession consists of over 500,000 hectares of untouched wilderness in the northern part of Mozambique. The district lies south east of the Niassa game reserve, between the Messalo and Niorenge rivers which form its northern and south eastern borders. The district is traversed by enormous, volcanic rock formations called island-mountains, surrounded by open plains and miombo forest. With sub-tropical vegetation and climate, and moderate to high levels of rain, this district is home to large herds of sable and is an outstanding habitat for elephant and leopard.

It is also possible to use fly-camps - especially if you wish to penetrate further into the hunting district or track elephants without wasting time on transport from the main camp. For this purpose, there is a special trailer that can be coupled to the hunting vehicle.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
