The Montería begins in the morning at approx. 09:30. Shooting positions are drawn by lot, and by approx. 10:30 all hunters are in position and the hunt begins.

Approximately 200–300 dogs are released, and local beaters start the drive. Hunting continues for around 4 hours, until approx. 15:00, followed by the collection of game.

All game shot is marked, and while the game is gathered for the parade, hunters meet again at the hunting lodge where a delicious lunch is served.

The game is laid out in a traditional parade, and before you know it, the day is over and anticipation for the next day's Montería is already building.

After the hunting day, transport returns to the hotel, where the group can enjoy all hotel facilities.

A minimum of 20 hunters is required to cover the area, with a maximum of 30 hunters.

On the day of departure, a short sightseeing tour of Toledo—a stunningly beautiful historic city—can be arranged before returning to Madrid for the flight back to Copenhagen.

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
