HIGHLIGHTS & DESCRIPTION

Bear Hunt in Croatia

Overview

The hunt is done from comfortable high seats at baiting places, and all the time you are accompanied by a professional stalker, who with great certainty can evaluate the size of the bears. There are 16 special bear high seats/baiting places in the district, and they are all being maintained/kept active all year round so chances of success are very high. The population of brown bear in Croatia is very good, and the state offers more licenses every year. Every year medal bears are shot and even gold medal are often seen. Gold medals start at 300 CIC point and one year even two new national records over 500 CIC points were shot by foreign hunters. You can also do spot and stalk hunting, but this form of hunting is less successful than hunting from the high seats.

Hunting period

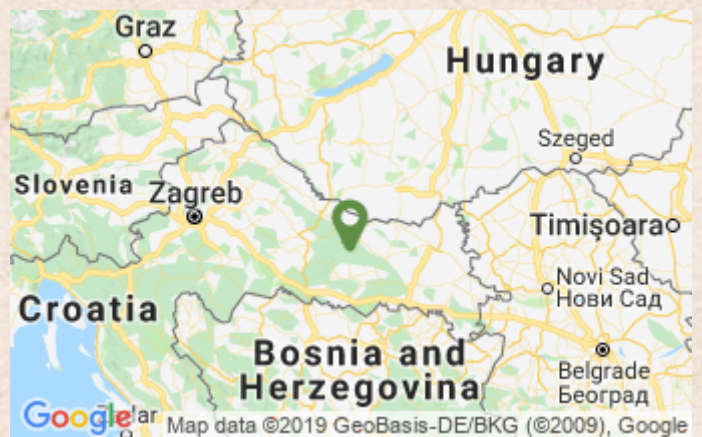

From mid-March to mid-April, or from October to late November.

Transport

By flight to Zagreb, where you can either rent a car, or we can organize for pick-up and transfer.

HIGHLIGHTS

- High rate of success
- Croatia has a very large population of brown bears - the population is currently estimated at over 500 individuals
- Many of our hunters return with a gold medal trophy
- Really large bears present in our districts

ACCOMMODATION
Accommodation in Croatia

Guests in the hunting district, stay in a really cosy and comfortable hunting lodge, or alternatively in a small hotel or local guest house. You should not expect any great luxury, but your room will always be clean and tidy and well looked after. Although you should also not expect WiFi in your room, you can expect to be positively surprised about your accommodation. As the bear hunts take place relatively near the coast, it is an ideal tour on which to bring along the family. You can stay in a little hotel by the coast and enjoy an early spring, or a real Indian summer in the early autumn. For a small country, Croatia has an unusually rich culinary tradition. It's geographical location and its long history have had a major impact on the country's cuisine, the fruits of which the Croatians like to enjoy on a daily basis, and are very happy to share with tourists.

PARTNER

Partner in Croatia

Our long-standing partner has good contact with some of the best hunting districts in Croatia. They have more than 25 years experience of arranging hunts in their beautiful country. Our partner is one of the biggest hunting outfitters in Croatia, and naturally offer the full palette of hunting tours available here. Bear hunts in the mountains west of Zagreb, almost right by the coast, roe buck hunts in the fertile farmland of north Croatia, driven hunts in the districts that stretch out over the central and eastern parts of Croatia, mouflon hunts on the island of Dugi Otok or mountain hunts for chamois and mouflon in the mountains along the Adriatic coast in the southern part of the country. We have also established some fantastic hind stalking on a few of the big forest districts, primarily for red deer and wild boar.

They are our guarantee for top quality, well organised hunting.

HUNTING AREA

Hunting area in Croatia

We have handpicked the very best district from all around Croatia. Croatia has, amongst other riches, large populations of wild boar, European brown bear, chamois, mouflon and red deer. This means that we choose the hunting district according to which game species you wish to hunt. One thing in common for all our districts is that they are rich in game, offer fantastically beautiful terrain, well-managed top class with hunting with skilled, experienced guides who really know the game!

The terrain can vary between very forested areas and somewhat more open districts. When hunting for Balkan chamois and mouflon you can expect to hunt in mountainous terrain, although it is possible to plan these hunts to suit your persona level of fitness. On these two hunts you can enjoy wonderful views over the Adriatic Sea and the many nearby islands.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
