Safari Hunt

HIGHLIGHTS & DESCRIPTION

Big Game Hunting with Wicker Safaris Ltd.

Overview

This hunting destination, the country to the east of South Africa and Zimbabwe, was formerly known, in colonial times, as Portuguese East Africa, is developing quickly. The hunting industry is growing and more and more possibilities are opening up in this country's large areas of wilderness. Buffalo is the most sought after species, but it is also possible to hunt other attractive species such as sable, waterbuck, bushbuck, crocodile as well as elephant and leopard. If you wish to hunt for leopard, elephant together with a range of attractive antelope species, it is necessary to book a 14 day hunt.

Every morning the hunt starts out from camp in a specialised all terrain vehicle (an Argo), but when you localised the game you want to hunt, the stalk will proceed on foot. You should be prepared for stalks that may last several hours. When hunting buffalo, it is not unusual to take your shot from very close range, which makes this hunt very exciting indeed. Normally you will hunt from early morning until nightfall. Lunch is usually eaten out in the hunting district.

HIGHLIGHTS

- Challenging buffalo hunts
- High rate of success for buffalo
- District 135.000 Ha in size
- Hunting district can be reached by chartered aircraft

PARTNER
Wicker Safaris Ltd.

Since 1994 the Coutada 14 hunting concession has been managed by Toni Wicker. During this time the restrictive shooting policies and the focus on game management (read anti-poaching measures) are now really bearing fruit, the annual quota of 50 buffalo representing the reaping of some of the profits.

HUNTING AREA Coutada 14

Coutada 14 is 135.000 Ha. in size and together with Coutada 10, 11, 12, plus the Marromeu Game Reserve it is part of a hunting district of over 1 million hectares. Here the game animals have a perfect habitat, and a lot of effort has been made in combating poaching in the district. The total population of buffalo in this huge area is over 20,000, while in Coutada 14 the population is between 2,000 to 6,000 individuals, depending on the season.

The annual shooting quota for buffalo is 50 animals. This district is probably one of the few places in the world where you can hunt for Nyala, Sable and waterbuck which still live in large wild herds. The smaller species found here, such as Suni, Oribi, Red duiker and blue duiker etc. continue to enjoy a growing level of interest amongst our hunters.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
