HIGHLIGHTS & DESCRIPTION

Combination Hunt in Spain (incl. 2 trophies)

Overview

Spain offer a wealth of mountain game - on this tour you can shoot 2 game species on the self same trip!

Like all other mountain game the Spanish ibex is both shy and wary. After countless centuries of being hunted by men, eagles, foxes, wolves, lynx and other predators, they have developed extremely sharp senses. They have fantastic senses of smell and hearing, while their sense of vision is incredible.

This, combined with the terrain they live in, make the Spanish ibex a worthy opponent and a much sought-after trophy.

The hunt itself is classic mountain hunting. Early in the morning, from a vantage point high up in mountains, you will first try and spot the bucks, which are often grazing in lower lying pastures.

You are free to choose between the following species:

Ronda Ibex

The Ronda ibex is slightly smaller than, for example, the Beceite ibex. It has smooth horns are curved at the tips, while it has a lighter coloured coat than the other ibex species. It's backwards pointing, lyre-shaped horns can reach a length of around 55-70 cm.

Sierra Nevada Ibex

HIGHLIGHTS

- Classic mountain hunting
- Sought-after trophies
- You can shoot 2 game species on the same tour
- Possibility of shooting Barbary Sheep, Sierra Nevada Ibex or Beceite Ibex - which ones will you choose?

The horns of this species are very similar to those of the Ronda ibex, backwards pointing, lyre-shaped and reaching a length of around 55-70 cm. It is slightly larger than the Ronda ibex.

Beceite Ibex

This ibex is much sought after because of its size. Its horns are large, grooved and grow straight upwards, leaving a large space between them.

Balearian Goat

Only found on Mallorca on the Formentor peninsular. This species is relatively new in a SCI-context and much sought after. It was brought to Mallorca around 2000 b.c.. - brought to the island by the Phoenicians, primarily as a source of food. Its coat is reddish brown, and the males sport a beard and large, spiral, rear facing horns. Occasionally the females also grow horns.

Barbary sheep

Originally from Africa - this species was introduced to Europe in 1970. Its coat is sandy brown in colour, growing very long in some areas, such as the neck. The horns grow out backwards and outwards, before turning inwards again. Mature animals can be recognised as the horns develop transverse "wrinkles".

Hunting season: 12th October - 15th January 2015

ACCOMMODATION Hotel

Accommodation in Spain is usually provided in a cosy hotel which might be out in the countryside or up in the mountains, but always close to the hunting district. It will have good facilities, which normally include WIFI and well furnished rooms with a private bathroom and toilet. Our hunter typically stay in a twin room with private facilities, single rooms are also available - on payment of a supplement.

Spain is famous for its wonderful cuisine and its fantastic wines. Paella, Tapas, Gazpacho, cheese and air-dried hams are just some of the areas in which it must be said Spain holds a prominent position, while this is not even mentioning the country's amazing fruits and vegetables. If you like a great gastronomic treat when on a hunting tour, then Spain is the perfect choice.

Your accommodation will feature a good Spanish kitchen, serving great meals and good wine. Full board is included in the price.

Spain is also ideal for non-hunting guests. Many of our hunting districts are close to exciting, historic cities with fantastic

architecture and a rich cultural life. The weather in Spain is also very welcoming. The long summer months are ideal for relaxation and sunbathing.

PARTNER Luis Miguel

We have worked together with our Spanish partner, Luis Miguel, for many years. He is extremely capable and very service minded, giving our hunters a great hunting experience time after time. Luis Miguel has a great depth of knowledge about hunting. Not only does he offer hunting for the different types of ibex found here; Gredos, Beceite, Sierra Nevada and Ronda, but he also ranges hunts for chamois, red stags, Barbary sheep, fallow deer, wild boar and roebuck. We arrange all our fantastic mountain hunts in Spain through this partner, which is a strong indication of how satisfied we are with our co-operation.

Our hunters can count on all aspects of one of our hunts in Spain, you will enjoy a high level of service throughout your tour.

HUNTING AREA

Hunting Area - Mountain Hunting in Spain

Hunting in Spain is becoming more and more popular for each passing year.

We offer all 4 ibex sub-species; Gredos, Beceite, Sierra Nevada and Ronda. the most sought after are Gredos and Beceite ibex, but more and more hunts are also choosing the to hunt the southern races, the Sierra Nevada and Ronda in combination with a holiday on the Spanish Costa del Sol. Finally we can also arrange cull hunts at a very attractive price. these hunts include 1 cull ibex buck, of max 6 years of age, and one female.

The often very steep character of the terrain and the need not to disturb other animals during your stalk, are just two of the elements that make hunting in the mountains both a great physical and mental challenge. Shots might need to be taken from a range of anything from 50-300 meters, with an average range of around 200 meters. It is therefore a good idea to spend some time training on your local range before departure. Remember the old saying about, the more you practice the more lucky you become, certainly holds true here.

Most mountain hunts are, to some degree or another, physically challenging. You will be doing yourself a great service by getting yourself as fit as possible. However there are differences between the terrain from one district to another, which means that hunters who are not particularly athletic can also enjoy a good, successful hunt.

For hunters who would like to experience a Spanish driven hunt, we can also arrange that. Our districts are around a 2 hour drive from Madrid. Normally a group should consist of at least min. 15 hunters. Our partner also offers hunting for chamois, red stag, Barbary sheep, fallow buck, wild boar and roebuck. Spain offers a broad range of hunting possibilities. It is also easy to travel to Spain, and the climate is often really attractive.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
