HIGHLIGHTS & DESCRIPTION

Combination Hunt in Zamrzenica

Combination Hunting in Poland

Quiet, informal, cozy and cheap. A real hunter thrives best in the company of good friends!.... Combination hunts are a popular combination of small driven hunts and individual hunts during the autumn and winter. Normally a small driven hunt for groups of 5 -7 guns are arranged in the mornings, while afternoons are spent on individual hunts.

These hunts often produce very decent results and are always very enjoyable of spending time in the company of your hunting friends.

We have access to a wide range of the very best State Forest Districts in western Poland, of which the vast majority offer top quality hunting. These State Forest Districts all have well trained, experienced and very responsible hunting personnel, who all have a job connected to the district.

The hunt starts with a briefing around dawn, where the head gamekeeper tells about how the hunt will progress, and inform you about the safety procedures during the hunt. Normally our combination hunts take place over 4 days and include 3 days hunting,. Typically 5-7 guns are needed to adequately cover the drives.

The small driven hunt will carry on until midday, then each hunter will be assigned his own guide and resume hunting in the form of stalking after hinds or wild boar.

This form of hunting is a quieter alternative to large driven hunts. The return per hunter is, as a rule, slightly higher than on a driven hunt and comradeship - because of the

group's more modest size - more close. Generally it is also possible to buy meat at very attractive prices.

Many groups book their hunt together year after year with their regular hunting comrades. You can hunt on a fixed price package, or following the price-list, depending on what the group prefers. But take care - you can quickly become addicted to these hunts.

PARTNER RDLP Toruń

We have worked together with the Regional Direction of State Forests in Toruń – the Regionalna Dyrekcja Lasów Państwowych w Toruniu, or in everyday language the RDLP Toruń – for the last 21 years, and before that Wilson Jagtrejser (which later became Diana) worked together with some of the districts. Our partnership includes 8 state forest districts, and we have long term agreements with all 8 districts. Of the rest (= 19) of RDLP Toruń's total of 27 districts, the hunting is let out to various Polish hunting associations. Some of the districts lie in the "Bory Tucholski" – Poland's biggest forest complex.

In common for all the state-owned districts under RDLP Toruń, which was established in 1925 and is one of the oldest regional directions, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Toruń is clearly a good choice!

HUNTING AREA Zamrzenica

The Zamrzenica hunting district covers a total area of 17,274 hectares, of which 9,700 hectares are forest, while the remaining 7,574 hectares consist of agricultural land, meadows, lakes, and fantastic wetlands. The forest is primarily coniferous (about 80%), but there are also areas with oak, birch, and other deciduous tree species. The area is mostly flat, with some gently undulating terrain. Zamrzenica has 125 high seats, as well as 50 feeding places. Up to 4-5 hunters can hunt at a time on individual hunts, while the popular combined hunts are arranged for groups of 6-7 hunters.

The district has both roe deer, red deer, fallow deer, and wild boar. Each year, around 20 roe bucks are harvested. Trophy-wise, most of the bucks weigh under 300 grams net, but a number of bucks weighing over 300-400 grams are also harvested. The annual red deer quota is around 28 stags, most of which are rutting stags with a trophy weight of 5-7 kg. However, there are also good opportunities for stags weighing 7-8 kg. The fallow deer population is somewhat challenged by wolves, but there is still a good fallow deer hunt available, with shot fallow stags weighing between 2.50-3.20 kg. Wild boars are also present at Zamrzenica,

and these are hunted both on individual hunts throughout the season and during the annual combined hunts, which usually show a mixed parade with all game species.

The combined hunt typically works as follows: driven hunts are arranged in the morning, and after a lunch break, the hunt continues as individual hunting with a personal hunting guide. If the weather permits, wild boar may be hunted in the evening – note that it is legal to use night vision for wild boar hunting. The parade will typically consist of a mix of red deer, wild boar, roe deer, foxes, and possibly fallow deer, and the district expects shots to be taken at the game that presents itself to achieve a satisfactory result (though not necessarily stags).

Accommodation is provided in the district in an old brick house located directly by a large 30 km long lake. Hunters are accommodated on the first floor, which, in addition to the dining room, has 5 double rooms and 1 single room, all with their own newly renovated bathroom/toilet. A refrigerator is available for our hunters. The hunting manager, Tomasz, is a highly skilled hunter and speaks good English. Wi-Fi and mobile coverage

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
