HIGHLIGHTS & DESCRIPTION

Doe-Hind Hunt in Dabrowa

Hind Hunting in Poland

To creep slowly into shooting range of a herd of red deer hinds is anything but easy. There are always alert pairs of eyes and ears amongst them. When you manage to actually do so, a hunter's feeling of success is absolute...

If your goal is to enjoy the greatest amount of hunting experiences from the lowest possible amount of money, then stalking hinds and calves/lambs in the autumnal forests of Poland could be a really good bet for the perfect hunting tour.

An important part of game management practices is to cull hinds and calves/lambs each and every year. A large proportion of these are shot during individual hunts. This type of hunting is, thanks to the very low trophy fees, very reasonable but the challenge of getting the better of the watchful hinds is, as a rule, at least as great as that of shooting a roaring stag on a trophy hunt.

You can enjoy a lot more hunting for your money, and you will even have the opportunity to buy the venison to take home with you at a very reasonable price. This will add another dimension to your hunting, and you will be able to serve the results of your hard work to your guests!

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality hind stalking. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

HIGHLIGHTS

- 11,344 hectares revir
- Annual shooting plan: 120 pcs. fallow deer, 63 pcs. red deer, 70 wild boars and 8 roe deer
- 2 lodges to pick from - one with German-speaking hosts and a other with English speaking hosts. It will usually be possible to choose between two accommodation

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns. You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset.

Mangy hunters often regularly take part in hind stalking with a couple of good comrades. This makes a good tradition, which will help polish your hunting skills at a very reasonable price!

PARTNER RDLP Toruń

We have worked together with the Regional Direction of State Forests in Toruń – the Regionalna Dyrekcja Lasów Państwowych we Toruniu, or in everyday language the RDLP Toruń – for the last 21 years, and before that Wilson Jagtrejser (which later became Diana) worked together with some of the districts. Our partnership includes 8 state forest districts, and we have long term agreements with all 8 districts. Of the rest (= 19) of RDLP Toruń's total of 27 districts, the hunting is let out to various Polish hunting associations. Some of the districts lie in the "Bory Tucholski" – Poland's biggest forest complex.

In common for all the state-owned districts under RDLP Toruń, which was established in 1925 and is one of the oldest regional directions, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Toruń is clearly a good choice!

HUNTING AREA Dabrowa

The Dabrowa state hunting district in north west Poland covers a total area of 11,344 ha. of which 9,857 ha. is forest while the remaining 1,487 ha. consists of farmland, meadow, wetlands and small watercourses. In the midst of the district is a lake of some 19 ha. where it is possible to fish. The forest predominantly consists of conifers (83.6%), but there are also oaks (5.8%), birch (4.4%), alder (2.7%) and other broadleaf trees (3.5%). The name "Dabrowa" is derived from the Polish name for oak (dąb). A large part of this beautiful district is slightly hilly. Dabrowa has 75 high seats/stands and 21 feeding places. It is also possible to arrange an exciting hunt from a horse drawn wagon, as long as you arrange this in advance. Up to 8 hunters can be catered for at a time, but 4 - 5 is the optimal number.

This district is home to Poland's largest population of fallow deer, with an annual quota of around 270 individuals. Dabrowa also has good populations of red deer, wild boar, but numbers of roe deer are limited. Around 8 roebucks are shot here annually, most of which produce trophies of under 250g net weight, but a few individuals of over 300g are also taken from here. The annual quota for red stags is 25 - by far the most of which have a trophy

weight of 4 - 6 kg, although every year a few trophies of over 6 kg are shot here. Around 50 fallow buck are taken here annually, good, average sized Polish buck - with a few bucks approaching - or slightly above - 3kg trophy weight. There is a reasonable population of wild boar at Dabrowa, which can be hunted on individual hunts throughout the season or during hind-stalking/small driven hunts in the autumn and winter.

Dabrowa is around 320km from the Kolbaskowo border crossing south of Szczecin, around 18km from Swiecie and 25 km from Grudziadz, which is the nearest major town. The closest international airport is at Gdansk, a distance of 120km.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
