

DOE-HIND HUNT IN TUCHOLA

Hind stalking on a small state owned district offering cosy accommodation in the district itself. The district lies in north west Poland. Possibility of shooting roe deer, red deer, wild boar and a few fallow deer. Hunting in the district is very professionally organized.

Hunt suitable for everyone

No special fitness requirements

Accommodation in a cabin

Spot-and-Stalk Hunt

Cull Hunt/Hind Stalking

Doe-Hind Hunt in Tuchola

HIGHLIGHTS & DESCRIPTION

Hind Hunting in Poland

To creep slowly into shooting range of a herd of red deer hinds is anything but easy. There are always alert pairs of eyes and ears amongst them. When you manage to actually do so, a hunter's feeling of success is absolute...

If your goal is to enjoy the greatest amount of hunting experiences from the lowest possible amount of money, then stalking hinds and calves/lambs in the autumnal forests of Poland could be a really good bet for the perfect hunting tour.

An important part of game management practices is to cull hinds and calves/lambs each and every year. A large proportion of these are shot during individual hunts. This type of hunting is, thanks to the very low trophy fees, very reasonable but the challenge of getting the better of the watchful hinds is, as a rule, at least as great as that of shooting a roaring stag on a trophy hunt.

You can enjoy a lot more hunting for your money, and you will even have the opportunity to buy the venison to take home with you at a very reasonable price. This will add another dimension to you hunting, and you will be able to serve the results of your hard work to your guests!

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality hind stalking. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

HIGHLIGHTS

- District 4.298 hectares in size
- Annual shooting quota: 80 wild boar, 30 red deer, 6 fallow deer, 40 roe deer
- Cosy accommodation in the district itself.

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns. You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset.

Mangy hunters often regularly take part in hind stalking with a couple of good comrades. This makes a good tradition, which will help polish your hunting skills at a very reasonable price!

PARTNER RDLP Torun

06

We have worked together with the Regional Direction of State Forests in Torun –the Regionalna Dyrekcja Lasów Państwowych we Toruniu, or in everyday language the RDLP Torun – for the last 21 years, and before that Wilson Jagtrejser (which later became Diana) worked together with some of the districts. Our partnership includes 8 state forest districts, and we have long term agreements with all 8 districts. Of the rest (= 19) of RDLP Torun's total of 27 districts, the hunting is let out to various Polish hunting associations. Some of the districts lie in the "Bory Tucholski" – Poland's biggest forest complex.

In common for all the state-owned districts under RDLP Torun, which was established in 1925 and is one of the oldest regional directions, is good, professional and stabile game mangement, with each district having it's own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Torun is clearly a good choice!

HUNTING AREA Tuchola

The Tuchola state hunting district is a small but really lovely district 4,298 ha. in size. 2,453 ha. is forest, while the remaining 1,845 ha. are farmland, meadow and wetlands. The forest is predominantly coniferous (95%) with scattered areas of oak and birch. The district is flat to slightly hilly. The river Brda flows through the district. Tuchola has 48 high seats/stands and 10 feeding places. It is also possible to carry out an exciting hunt from a horse drawn carriage, as long as you book this in advance. The district can take up to 3-5 hunters at a time, depending on the species and type of hunt..

The district has roe deer, red deer, wild boar and a few fallow deer. 20 roe bucks are shot here annually. Most of these give trophies that weigh between 200-300g net, but bucks weighing over 300g are taken here as well. There is an annual quota of 8 red stags - the majority of which have a trophy weight of between 4 -5 kg, but stags of over 6 kg are taken here every year. 1-2 fallow buck are shot annually, and we can recommend hunting them in combination with hind- stalking and wild boar hunts. Tuchola has a fine population of wild boar, individual hunts for boar are possible throughout the season and on combination

hunts in the autumn and winter.

Tuchola is 275 km from the Kolbaskowo border crossing south of Szczecin, 5 km from Tuchola, 50 km from Swiecie, 60 km from Bydgoszcz, which is the nearest large town, and 130km from Gdansk, which is the closest international airport.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
