## HIGHLIGHTS & DESCRIPTION

# Driven Hunt in Lutowko

### Driven Hunting in Poland

The sound of yapping dogs approaches, the beaters enthusiastic cries tell you that a group of boars is approaching the line of guns. You can hear the rustle of dry leaves, and feel your pulse throb in your temple. Here they come!...

Driven hunts gets into your blood - and for many hunters Poland is permanently linked to their annual hunt on their regular district, where they are coming year after year. That the number of regular customers is as high as it is, is simply due to the quality of these hunts on our many State-owned districts.

We have access to a wide range of the very best State Forest Districts in western Poland, of which the vast majority offer top quality driven hunting. These State Forest Districts all have well trained, experienced and very responsible hunting personnel, who all have a job connected to the district.

The hunt starts with a briefing around dawn, where the head gamekeeper tells about how the hunt will progress, and inform you about the safety procedures during the hunt. Normally our driven hunting packages take place over 3-4 days and include 3 days of hunting. Typically between 12-14 guns are needed to sufficiently cover the drives. Between 8 - 10 drives are carried out every day, from early in the morning to late in the afternoon. The areas driven are selected in advance, taking into account game movements in the district.

For many hunters driven hunts are the ultimate form of rifle

## PARTNER RDLP Toruń

We have worked together with the Regional Direction of State Forests in Toruń – the Regionalna Dyrekcja Lasów Państwowych we Toruniu, or in everyday language the RDLP Toruń – for the last 21 years, and before that Wilson Jagtrejser (which later became Diana) worked together with some of the districts. Our partnership includes 8 state forest districts, and we have long term agreements with all 8 districts. Of the rest (= 19) of RDLP Toruń's total of 27 districts, the hunting is let out to various Polish hunting associations. Some of the districts lie in the "Bory Tucholski" – Poland's biggest forest complex.

In common for all the state-owned districts under RDLP Toruń, which was established in 1925 and is one of the oldest regional directions, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Toruń is clearly a good choice!

## HUNTING AREA Lutowko

The state hunting district Lutowko spans an impressive area of 18,000 hectares, of which 9,000 hectares are forest, while the remaining 9,000 hectares are primarily agricultural land, but also include meadows, lakes, and wetlands. The forest consists mainly of coniferous trees (about 60%), but also features beautiful oaks, birch, and other deciduous trees. The area is mostly flat. Lutowko has more than 35 high seats, as well as 22 feeding places. Up to 5 hunters can hunt at a time on individual hunts, but 4 hunters is the most optimal number. Driven hunts are arranged for groups of at least 14 hunters.

Lutowko has strong populations of both roe deer, red deer, fallow deer, and wild boar. The annual red deer quota is around 50 stags – most with trophy weights of 5-7 kg, but also a number of stags over 7 kg – and some even exceed 8-9 kg. The fallow deer population is challenged by wolves, but still, around 22 fallow bucks are harvested annually with good trophies up to 3 kg, and occasionally slightly more. The harvested roe deer bucks have good trophy quality, with most ranging from 250-400 grams. Approximately 30 roe deer bucks are harvested each year. Wild boar are also found on Lutowko, and these are hunted both on

individual hunts throughout the season and on the 4 annual driven hunts, which normally yield good results with a mix of all game species – however, groups should be aware of restrictions on fallow deer.

Accommodation takes place in a newly built hunting lodge in the middle of the reserve. The guest area includes 2 single rooms, 4 double rooms, and 3 triple rooms, all with their own toilets and bathrooms. The hunting manager, Sebastian, speaks good English and will be available to ensure a smooth hunting experience. There is access to a locked garage and cold storage. Wi-Fi and mobile coverage are available.

Lutowko is located 220 km from the border crossing at Kolbaskowo south of Szczecin, 70 km from Bydgoszcz and 50 km from Piła, the nearest larger cities, 145 km from Poznań airport, which is the nearest international airport, and 180 km from Gdańsk.

# About us

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
