Driven Hunt

HIGHLIGHTS & DESCRIPTION

Driven Hunt in Milicz

Driven Hunting in Poland

The sound of yapping dogs approaches, the beaters enthusiastic cries tell you that a group of boars is approaching the line of guns. You can hear the rustle of dry leaves, and feel your pulse throb in your temple. Here they come!...

Driven hunts gets into your blood - and for many hunters Poland is permanently linked to their annual hunt on their regular district, where they are coming year after year. That the number of regular customers is as high as it is, is simply due to the quality of these hunts on our many State-owned districts.

We have access to a wide range of the very best State Forest Districts in western Poland, of which the vast majority offer top quality driven hunting. These State Forest Districts all have well trained, experienced and very responsible hunting personnel, who all have a job connected to the district.

The hunt starts with a briefing around dawn, where the head gamekeeper tells about how the hunt will progress, and inform you about the safety procedures during the hunt. Normally our driven hunting packages take place over 3-4 days and include 3 days of hunting. Typically between 12-14 guns are needed to sufficiently cover the drives. Between 8 - 10 drives are carried out every day, from early in the morning to late in the afternoon. The areas driven are selected in advance, taking into account game movements in the district.

For many hunters driven hunts are the ultimate form of rifle

PARTNER RDLP Wrocław

The Regional Direction of State Forests in Wrocław – the Regionalna Dyrekcja Lasów Państwowych we Wrocławiu, or in everyday speech the RDLP Wrocław – is our longest standing partner in Poland. We have been sending hunters to the districts managed by RDLP Wrocław since 1978, when we used one of the districts. Now we use a total of 11 state owned districts, of which we have long term contracts with 6 of the very best. On the rest (= 22) of their total of 33 districts, the hunting is let out to various Polish hunting associations.

In common for all the state-owned districts under RDLP Wrocław, which in 2015 could celebrate its 70th anniversary, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is

normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Wrocław is clearly a good choice!

HUNTING AREA Milicz

The Milicz 45 and 67 hunting districts are located in the southwest of Poland, northeast of the city of Wrocław. Milicz 45 covers an area of 6,319 hectares, of which 2,032 hectares are forest, while the remaining 4,287 hectares consist of agricultural land, lush meadows, and beautiful lakes. The forest is primarily coniferous (85%) with some alder trees (6%). The area is mainly flat. Milicz 45 has 79 high seats, as well as 17 feeding places. Milicz 67 covers a total area of 10,015 hectares, with 5,665 hectares of forest and the remaining 4,350 hectares made up of agricultural land, meadows, and lakes. The forest is mainly coniferous (72%), with oak (12%) and beech (9%) trees. The area is also mainly flat. Milicz 67 has 122 high seats, as well as 27 feeding places. Up to 6-7 hunters can hunt at a time, and driven hunts are arranged for groups of 10-14 hunters.

A special feature of the area (especially the Milicz 45 part) is the artificially created lakes, which are drained every year in October in rotation to harvest the carp. When the water is drained, a world of tracks from red deer and wild boar is revealed.

The districts are home to roe deer, red deer, wild boar, and a

small population of fallow deer. Each year, a total of 70 roe bucks are harvested from the two districts. Trophy-wise, most of the bucks weigh under 350 grams net, but some bucks are shot weighing over 350 grams – and some even over 400 grams. The annual red deer quota is about 35 stags – most of them with a trophy weight of 5-7 kg, but stags weighing over 7-8 kg are also found. Wild boar are hunted both during individual hunts throughout the season and on the driven hunts in the autumn and winter months.

Accommodation is provided directly in the Milicz 67 part of the district. The guest area on the first floor consists of 5 double rooms and 4 single rooms, all with their own toilet and bathroom. On the ground floor, there is a dining room with a refrigerator and a cozy lounge. The hunting manager, Maciej, speaks German. There is access to a locked garage and cold storage. Wi-Fi and mobile coverage are available.

Milicz is 240 km from the border crossing at Forst/Olszyna, 16 km from the town of Milicz, and 65 km from Wrocław, the nearest international airport.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
