

# DRIVEN HUNT ON STATE-OWNED DISTRICT

Hungary offers some of the world's best driven hunts. Here it is not unusual for a group of 10 - 12 hunters to shoot 50 - 60 head of game on a three day driven hunt - of course depending on the whims of the weather and the shooting abilities of the individual hunters.

# HIGHLIGHTS & DESCRIPTION

## Driven Hunt on State-owned District

### Overview

On most districts you can expect a result of 1-2 head of game per hunter per day, divided between wild boar and hinds/does.

In addition to driven hunts in the open countryside it is possible to organise hunts in fenced-in areas, where the expected bag will be even higher.

There is a high demand for Hungarian driven hunts, and if you wish to secure your group a place on a popular district we would advise you to book in plenty of time - preferably a year in advance.

Most districts only offer driven hunts where you shoot "following the price-list", but we do have a few districts that offer graded fixed price packages that include "keilers". The district known from the film "Wild boar fever" is at our disposal, but if you are interested in hunting here you must book very early!

### Best period

Late November - Late January

No. of hunters: minimum 10

All the districts can offer their own 1st class hunting lodges, all of which our hunters have been very enthusiastic over. As an alternative we can also suggest a 4-star wellness hotel, a short drive from the hunting districts.

**HUNTING AREA**  
**Hunting Area - Driven hunt on State owned ...**

The hunting districts we use are in north west Hungary and are between 11,000- 25,000 ha. in size. The hunting districts consist of 85% forest and 15% farmland and there are especially good populations of red deer and wild boar. On just one of these districts around 350 wild boar are shot annually. Hunts here can be combined with hunting in large fenced-in districts, including the district where hunting video "Wild boar fever" was filmed.

# About us

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
