HIGHLIGHTS & DESCRIPTION

European Brown Bear in Romania

Overview

Hunting is typically a “waiting game”. You sit with your guide in a comfortable high seat and wait for the bears to come and forage in the feeding area in front of you. But autumn hunts can also involve stalking for bears, as they forage over large areas looking for blackberries. Your guide will decide which type of hunt offers the best chance of success on the day.

Often our bear hunters will see a number of bears during the hunt, and it is often the case that you simply wait for the “right” bear, which fulfils all the wishes you have given your hunting guide. Our partners have had a very impressive close to 100% success rate.

The hunting district is a 2-3 hour drive from Sibiu. During the hunt it will also be possible to shoot wild boar/keilers and wolves (winter hunts).

Every year bears of around 4 - 500+ CIC points (skins) are shot, and remember gold medal bears start at 300 CIC points.

Hunting season: 15.03-15.05, 15.09-31.12

HIGHLIGHTS

- Very high rate of success
- Hunting typically a "Waiting Game" - but hunting during the autumn can often include stalking
- Experienced hunting guides
- Possibility of also shooting large wild boar and maybe stag (winter hunts)

ACCOMMODATION Transylvania

One of our priorities is to provide accommodation for our hunters in single rooms, unless otherwise requested, and typically we can arrange just that. Typically our hunters will stay in a small, cosy pension or in a hunting lodge. Both types of accommodation will be equipped with all necessary facilities and will be situated in, or close to the hunting district itself, to ensure the best possible service for our hunters. On some of the districts in this region it is possible to upgrade your standard of accommodation, to stay in a room in a palatial manor house - on payment of a supplement.

Full board is included in the price of all our tours to Romania.

HUNTING AREA Transylvania

Fallow stag:

All of our districts is at a minimum of 7.500 Ha in size, and they are primarily placed in lower farming terrain. On the farming terrain there are crops such as corn, sunflowers and wheat nonetheless the large meadows, where the fallow stags enjoys to fourage. The districts are often slightly hilly with forestlands and hedgerows which makes the perfect habitat for the fallow stags to live.

Buck:

Our districts is mainly situated in the central part of Romania, but we also have acces to areas - within a driving range of a few hours from Bucharest. All of our districts are a minimum of 7.500 Ha in size, and they are primarily placed in lower farming terrain. On the farming terrain there are crops such as corn, sunflowers and wheat nonetheless the large meadows, where the fallow stags enjoys to fourage. The districts are often slightly hilly with forestlands and hedgerows which makes the perfect habitat for the fallow stags to live. Those exact same districts makes a spectacular scenario for the hunter to stalk! Against a miner payment (made locally), horse-carriage throughout the hunt can be

arranged.

Red stag, bear and driven hunt:

Our partner in Transylvania, has a number of different districts, to choose from. He is constantly in touch with the local "game-keepers" and that is why our hunters, bag such great trophies.

Chamois:

On the days of hunting, it is custum to get up early, so that you are ready by dawn, with your binoculars at a "hot-spot". At the "hot-spot" areas, you are provided with a great view. Afterwards you have spotted a chamois worth shooting, the hunt will start again. The most utilized way to hunt, is to stalk along the mountain side - or downwards. In a few parts of the districts it is possible to stay overnight in a primitive sheperds hut. In that way, you can save a lot of time ascending and descending every day of the hunt.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
