

FALLOW BUCK HUNT IN CHOJNA

Really good population of fallow deer with a good chance of a large buck. Beautiful and varied district with gentle hills. Good accommodation in the district itself. Only a ½ hour drive from the German border.

Hunt suitable for everyone

No special fitness requirements

Accommodation in a cabin

Spot-and-Stalk Hunt

HIGHLIGHTS & DESCRIPTION

Fallow Buck Hunt in Chojna

Fallow Buck Hunting in Poland

Deep grunts rip through the silence of the richly coloured autumnal forest. The big, mature fallow buck are fighting a fierce battle to win the favours of the hinds. The excitement in the air feels electric ...

The fallow buck hunts usually take place during the rutting season, which normally occurs from mid-October to the start of November. Hunting during the rutting season for the grunting bucks is just as intense and exciting as a red stag hunt, and carried out in the same way, a blend of stalking and lying in wait.

Even though the fallow bucks are quite a bit smaller than red stag, you will not notice the difference! The deep growls and the dramatic fights between the territorial fallow bucks characterise the vivid scenes of the rut.

In Poland fallow buck hunts take place exclusively in the open countryside - hunting in fenced enclosures is prohibited by Polish hunting legislation. Because of strict, long term game management policies, fallow deer are becoming more and more widespread, and in many places the populations are dense. This helps to make the experience of stalking them on their rutting grounds a really intense experience!

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality fallow buck hunts. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

HIGHLIGHTS

- District 10,958 hectares in size
- Annual shooting quota: 54 head of fallow deer – including 27 fallow buck
- There is a very good chance of shooting a good fallow buck of 3 kg or over
- Charming accommodation, with the forester in the district
- Only a ½ hour drive from the German border in north west Poland

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns during the rut. You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset.

It will always be possible to combine your hunt for fallow buck with hunting for hinds and wild boar, once you have shot your buck.

We can offer both fixed price and price-list hunts.

ACCOMMODATION

Accommodation - Chojna

Accommodation takes place in a lovely hunting lodge in the heart of the district. While it is not a luxurious place, everything is as it should be, and the catering is very good. Our guests stay in one part of the house, while the hunting guide, Marek, resides in the other part. Marek speaks English and ensures that everything runs smoothly. The guest section includes a cozy living/dining room, 6 double rooms (2 rooms share a bathroom and toilet), as well as 2 apartments, each with 1 room, 1 bathroom, and 1 small living room. A refrigerator is available for our guests' use. Wi-Fi is available in the house, but mobile coverage is poor.

PARTNER RDLP Szczecin

Our partnership with the Regional Direction of State Forests in Szczecin – the Regionalna Dyrekcja Lasów Państwowych we Szczecinie, or in everyday language the RDLP Szczecin – dates back to 1982, when we first started to send hunters to one of their districts. More districts were added later, and now in 2016 we have long term contracts with 4 of the best state-owned districts. Of the rest (= 31) of their total of 35 district, the hunting has been let out to various Polish hunting associations, except for 5, which are sold via other agencies.

In common for all the state-owned districts under RDLP Szczecin, which was established in 1978, is good, professional and stabile game mangement, with each district having it's own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts, and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel

in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Szczecin is clearly a good choice!

HUNTING AREA Chojna

Our Chojna hunting district covers a total area of 13,820 hectares, of which 9,354 hectares are forest, while the remaining 4,466 hectares consist of agricultural land, meadows, and lakes. The forest is primarily made up of coniferous forest (76%), but also includes 5% beech, 9% oak, and the rest is mixed deciduous trees. The area is predominantly flat, with some lightly hilly terrain. Chojna has 40 high seats, as well as 10 feeding places. It can accommodate up to 4-5 hunters at a time for individual hunting, while the optimal number for driven hunts is 12-15 hunters.

Chojna is home to good populations of red deer and fallow deer, which attract hunters back year after year. The red deer hunting is particularly attractive, with an annual quota of around 22 stags, most of which have antler weights around 6 kg, but there is also the chance to shoot impressive stags weighing up to 8-9 kg. The fallow deer population is unfortunately declining due to wolves, but the district still offers a very good fallow deer hunt, with 12 fallow deer harvested annually, having antler weights between 2.50-3.20 kg. There are also some roe deer in Chojna, but the population is modest, with around 8 bucks shot each year.

Although the wild boar population has been challenged by African swine fever, it is now improving – so much so that we are excited to offer 2 exciting driven hunts in the 2025/26 season, expecting a good mixed parade of all game species.

Accommodation takes place in a lovely hunting lodge in the heart of the district. While it is not a luxurious place, everything is as it should be, and the catering is very good. Our guests stay in one part of the house, while the hunting guide, Marek, resides in the other part. Marek speaks English and ensures that everything runs smoothly. The guest section includes a cozy living/dining room, 6 double rooms (2 rooms share a bathroom and toilet), as well as 2 apartments, each with 1 room, 1 bathroom, and 1 small living room. A refrigerator is available for our guests' use. Wi-Fi is available in the house, but mobile coverage is poor.

Chojna is located 25 km from the border crossing at Schwedt south of Szczecin, 70 km from Szczecin, the nearest larger city, 100 km from Szczecin/Goleniow airport, and 130 km from Berlin airport.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
