HIGHLIGHTS & DESCRIPTION

Fallow Buck Hunt in Zamrzenica

Fallow Buck Hunting in Poland

Deep grunts rip through the silence of the richly coloured autumnal forest. The big, mature fallow buck are fighting a fierce battle to win the favours of the hinds. The excitement in the air feels electric ...

The fallow buck hunts usually take place during the rutting season, which normally occurs from mid-October to the start of November. Hunting during the rutting season for the grunting bucks is just as intense and exciting as a red stag hunt, and carried out in the same way, a blend of stalking and lying in wait.

Even though the fallow bucks are quite a bit smaller than red stag, you will not notice the difference! The deep growls and the dramatic fights between the territorial fallow bucks characterise the vivid scenes of the rut.

In Poland fallow buck hunts take place exclusively in the open countryside - hunting in fenced enclosures is prohibited by Polish hunting legislation. Because of strict, long term game management policies, fallow deer are becoming more and more widespread, and in many places the populations are dense. This helps to make the experience of stalking them on their rutting grounds a really intense experience!

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality fallow buck hunts. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

HIGHLIGHTS

- District 17,274 hectares in size

- Most of the fallow buck shot here weigh around 3 kg, but in 2016 3 fallow buck of around 4 kg were also shot here
- Lovely accommodation in the district and right next to a large lake
- Possibility of fishing/boat hire.

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns during the rut. You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset.

It will always be possible to combine your hunt for fallow buck with hunting for hinds and wild boar, once you have shot your buck.

We can offer both fixed price and price-list hunts.

PARTNER RDLP Toruń

We have worked together with the Regional Direction of State Forests in Toruń – the Regionalna Dyrekcja Lasów Państwowych w Toruniu, or in everyday language the RDLP Toruń – for the last 21 years, and before that Wilson Jagtrejser (which later became Diana) worked together with some of the districts. Our partnership includes 8 state forest districts, and we have long term agreements with all 8 districts. Of the rest (= 19) of RDLP Toruń's total of 27 districts, the hunting is let out to various Polish hunting associations. Some of the districts lie in the "Bory Tucholski" – Poland's biggest forest complex.

In common for all the state-owned districts under RDLP Toruń, which was established in 1925 and is one of the oldest regional directions, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Toruń is clearly a good choice!

HUNTING AREA Zamrzenica

The Zamrzenica state hunting district is 17,274 ha. in size, of which 9,700 ha. is forest and the remaining 7,574 ha. farmland, meadow, lakes and wetlands. The forest is predominantly coniferous (circa 80%), but there are also areas of oak, birch and other broadleaf trees. The district is generally flat, but some areas are slightly hilly. Zamrzenica has over 125 high seats/stands and 50 feeding places. Up to 6 hunters can be taken at a time for individual hunts, while the optimal group size for driven hunts is 10 - 12.

This district can offer hunting for roe deer, red deer, fallow deer and wild boar. Every year 85 roe bucks are taken here. Most of these trophies are under 300g net, but a number of bucks of over 300g are shot here. The annual quota for red stags is 35 - the majority have a trophy weight of 4 - 5kg. However every year stags of over 6kg are taken here, with a few individuals achieving over 7kg - and on rare occasions 8kg. The fallow deer population is expanding rapidly with a yearly shooting plan of 20 fallow bucks, and there is a good chance of bagging a buck with a trophy weight of over 3kg. In 2016 were shot 3 fallow bucks with a trophy weight of close to 4 kg. There is also a good population of wild

boar here at Zamrzenica, and these can be shot on individual hunts throughout the season as well as on the 5 annual driven hunts, which normal produce a good mixed parade with all the different species available on show.

Zamrzenica is 275 km from the border crossing at Kolbaskowo south of Szczecin (circa 4 hours), 60km from Bydgoszcz, which is the nearest major town, and around 160km from Gdansk, where you can find the nearest international airport.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
