Overview

There are good populations of red deer, fallow deer and wild boar, and because of the excellent quality of the district- and game management, our hunters normally enjoy a high rate of success here.

This district is part of one of the largest state owned districts in Hungary, and covers a total area of 63.000 hectares. This state owned district offers individual hunts for red deer, fallow deer, roe deer and mouflon together with wild boar.

It is also possible to arrange large driven hunts here. The dense population of game here is of excellent quality. Trophy quality here is also very high. The area can also offer a range of different accommodation choices. In the district as a whole there are a total of 6 hunting lodges. The district is divided up into different regions, the one used will depend on the kind of game the hunter wishes to shoot.

On this district we can also offer a fixed price package for a red stag of up to 7kg for only €3350.
The hunters will stay in a first class hunting lodge at the district, in very beautiful surroundings. Great dinner in high quantity will be cooked while the hunters relax in a true hunting atmosphere.
Attila is our representative in all dealings with Hungarian hunting districts. After working for many years in the hunting business his knowledge of and personal network in the Hungarian hunting universe is outstanding. He is our guarantee for professionally managed districts of the highest standard, competitive prices, and a quick reaction time if any problems arise. We are very proud of the quality of our Hunting tours in Hungary, and we can boast of a success over the last 6 years of nearly 90% on the rifle hunts.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Kføssteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world’s largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are “regulars” you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by “agents” of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking “cheap” packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer’s individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
