HIGHLIGHTS & DESCRIPTION
Huge Red Stags

Overview

On this privately owned, 12,000 ha. hunting district just south west of Lake Balaton, around 40 big stags are taken annually. A number of these weigh-in at the 10 - 12kg class - veritable giants! The hunting is best during the rutting season in September, and is a combination of stalking and lying in wait. The success rate is very high - more than 90% of our hunters return home with the trophy size they wished for!

By their very nature these bug Hungarian trophies are very much sought after amongst European hunters, and we can not claim that the hunting is cheap. But on the other hand Hungary operates an outstanding system that ensures that the hunter only has to pay for trophies that come within +/- 15% of the size agreed in advance.

Quite simply it is the hunting guides responsibility to estimate the trophy size within these margins. If he makes a mistake the hunter has the right to leave the trophy with the hunting district without paying - which is a great way of helping hunters keep within their budget.

If you agree, for example, to shoot a 8kg stag, you can decline to take the trophy if it lies outside the range of 6.8 to 9.2kg.

Every year we arrange a very popular group tour for 4 hunters + an experienced tour leader during the height of the rut, around the 10 -15th September, to this district.

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world’s largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are “regulars” you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by “agents” of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking “cheap” packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer’s individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
