HUNTING AREA Kalakwa & Veronica

ARU is a very exclusive place to experience in Namibia. ARU has 2 farms, both situated a little south east of Windhoek - KALAKWA and VERONICA.

KALAKWA is 12.000 hectares and VERONICA is 15.000 hectares, and ARU often plan the hunts so that you get 3-4 days on the one farm, and 3-4 days on the other farm. They also arrange bow hunting, and we would like to mention that ARU also has a female professional hunter (PH), who can guide on both rifle and bow hunting.

For the non-hunting guests ARU can offer game drives, clay pigeon shooting, walking safari, horse riding, quad biking, fitness room, sauna, spa, swimming pool, or a trip to the capital Windhoek. Of course, the non-hunters are also welcome to join on the hunting car, and suck in the African bush.

The districts offer hunting for all of the characteristic Namibian species including the challenging mountain zebra. Here great emphasis is laid on fair-chase hunting and the hunter should be prepared to work for his trophies. When it comes to the mountain

zebra, you have to be prepared to work really hard. For the more usual plains game species, as long as you are in reasonable condition you will easily be able to meet the challenges set by the terrain.

In addition to the above hunting districts in central Namibia, ARU have access to a fantastic safari concession in northern Namibia, which can offer big game species such as buffalo, elephant, lion, crocodile, hippo, hyena and leopard. This district is also home to some very sought after plains game species such as red lechwe, black-faced impala, sable and roan.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
