## HIGHLIGHTS & DESCRIPTION

# Hunt for Buffalo, Roan and Antelope in Bur...

### Overview

Since 2011 we have had quite a number of hunters in Burkina Faso and they all returned home happy with exciting hunting experiences from West Africa and very good trophies going to the taxidermist! On this hunt you can hunt several species - and subspecies - that cannot be found in southern or eastern Africa, which is the goal for most hunting safaris.

West Africa has for many years been the French hunters domain, but we have found a good partner who provides an excellent service. The hunting areas are very good and the results can so far speak for itself. As a hunter, you can choose between different fixed-price packages with hunting for selected West African species.

### Itinerary

#### Day 1:

Flight via Paris with Air France or Bruxelles with Brussels Airline to Ouagadougou. Arrival in the evening. Reception at the airport, where a representative from the safari company will assist you with customs formalities, firearms licenses and weapons clearances. Then transfer to a hotel in Ouagadougou.

#### Day 2:

Transfer to the hunting area. Accommodation, zeroing of the rifle.

#### Day 3 – 8:

### HIGHLIGHTS

- Several species and subspecies that are not found in southern and eastern Africa
- Hunting on the former domain of French hunters
- Very good hunting grounds and especially good trophies
- Various fixed price packages with hunting of selected West African species

## PARTNER African Echo Safaris

The owner of African Echo Safaris is Glaeser Conradie. Glaeser is South African and for many years has enjoyed a successful career as an outfitter and PH (Professional Hunter) in Mozambique, South Africa, West and Northern Africa. He is a skilful, likeable and very committed PH with a wealth of hunting experience from a wide range of African countries. He really loves to work hard to achieve our hunter's goals and to give them some great experiences when out hunting with him. Glaeser is a registered member of ACP, PHASA and the SCI. African Echo Safaris is a Craig Boddington Endorsed Outfitter. He is very well organised, and a very pleasant person to go out hunting with..

Diana Huntingtours & Limpopo Travel have been working together with Glaeser in Burkina Faso since 2012, and in South Africa since 2016. Glaeser's company, African Echo Safaris, has now been in existence for more than two decades, and has grown into a successful, international safari operator. Our partnership with Glaeser works perfectly, so if one day you arrive in one of his hunting districts, we are certain you will return home having enjoyed some unforgettable experiences.

## HUNTING AREA Singou & Ouamou

The hunting district is made up of two neighbouring concessions, Singou and Ouamou, and it is situated 350 km east of the capital. It is a huge area of 260.000 hectares and is considered to be one of the very best hunting areas in the country with a good and varied game population and a number of interesting species such as Western Savannah Buffalo, Western roan, Major hartebeest, Western kob, Defassa waterbuck, harnessed bushbuck and Nigerian bohor reedbuck. In the area lion, hippo, elephant, oribi, warthog and baboon are also frequently seen.

The hunters we have had in Burkina so far all reported that you normally see elephant, buffalo and the various plains game species every day and frequently also lion tracks. If you wish to hunt lion it is important that you choose the period from late March until the end of April. At that time of year it's normally dry and the lion come to the waterholes, from where it is possible to track them.

All the hunting is free range and takes place in open countryside, and even though there are a number of small roads in the hunting district, you should be prepared to do a lot of walking, so it is

certainly an advantage to be in good physical condition. Usually you will find a good, promising track in the morning, after which you can follow the incredible work of the talented trackers, often over many kilometres, until you hopefully get within shooting range. The slightly hilly terrain is densely vegetated, but also very varied and with more open areas of typical savannah.

The hunting authority in Burkina Faso has a very strict shooting policy, each hunting district being granted a set annual quota that is strictly adhered to. The organisation is very professional, and during the hunt a so-called game scout, who ensures everything is done correctly, will accompany you.

A great effort has been made to improve the conditions for the game animals, including establishing water holes, controlling poaching etc.

Season:

The hunting season is from 1st December to 31st May. The

## HUNTING AREA Singou & Ouamou

best months are January, February and March. The weather is pleasant and not too hot. In April it becomes very hot and the hunting becomes more difficult also because the animals move less.

# About us

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
