

# HUNT FOR IBEX IN KYRGYZSTAN

Somewhere on a mountain close to the Chinese border a trophy ibex is waiting for you..... For how long should it wait?

Challenging hunt

Requires good level of  
fitness

Accommodation in a castle

Mountain Hunt

Spot-and-Stalk Hunt

## HIGHLIGHTS & DESCRIPTION

# Hunt for Ibex in Kyrgyzstan

### Overview

Together with your guide you leave base camp on horseback to search for the wanted species. In most cases these outings last for several days and during the hunt you overnight either in tents or mountain caves. Therefore a really good sleeping bag is a very important part of your equipment! You hunt up to an altitude of 4,500 meters above sea level, which of course in itself is a physical challenge. When a promising trophy has been spotted you begin an often long and strenuous stalk on foot. You must be prepared to shoot at distances of several hundred meters in difficult terrain – nobody said that it was easy. In return the efforts of the hunter will often be rewarded with trophies of more than 1 meter – in rare cases up to impressive 130 cm. The average of the Marco Polo is between 48" and 55". And the nature and the scenery that forever will be imprinted in your memory cannot be described with words – it simply has to be seen and felt on your own body.

### Travel Preparations

As a hunting guest to Kyrgyzstan it is important to be in a good physical condition, and therefore spend time and energy on physical training before the trip. You will be hunting at high altitudes, must expect long days with strenuous stalking in difficult terrain and often at low temperatures, so the more fit you are the better are the chances of success. Irrespective of hunting area and specie the hunt only takes place on horseback and on foot. As for clothing you must bring warm, water- and wind proof clothes, and it is also a good idea to have several layers so

### HIGHLIGHTS

- An unforgettable hunting adventure in the midst of undisturbed nature
- Challenging hunting in a fantastic mountain landscape
- Large population of mid-Asian ibex
- Indescribable beautiful scenery

that you can regulate your clothing depending on the various hardships. You must also be prepared for long shots, 200 – 350 meters is not unusual, so therefore we also recommend that you before the hunt spend time training with your rifle, and recommend rifles with a flat trajectory, such as 300 Win Mag. When booking the hunt we will of course send you a detailed equipment list.

## The Hunting Experience

This programme is particularly for the adventurous hunters who are seeking the challenge and who would like to be rewarded with a genuine hunt in a wild and untouched terrain and with a good chance of getting a great trophy.

If this is what you are looking for you have come to the right place. You will be able to enjoy the grand and impressive panorama of Tien-Shan during the entire trip. This hunt is not just a ride in a unique nature – it is also a tough hunt, which can be hard on soul and body. The hunting areas have a large population of ibex and as hunting is limited you also have a good chance of bagging a nice mature ibex. On arrival in the main camp, you relax for the rest of the day, zero your rifle etc. The next day you ride into the mountains together with your guide. Once you have spotted a promising ibex the hunt continues on foot.

## Ibex

In the sub-alpine climate zone of the Kyrgyzstan mountains lives one of the finest populations of ibex in the world. The quality of the trophies found here are generally also good, with an average size of about a meter, but trophies even larger than this are naturally taken from time to time. It is also possible to combine an ibex hunt here with hunting for wolf. Our hunting districts lie in the eastern part of the country. As mentioned this hunt takes is carried out exclusively from horseback, until you spot a promising trophy, after which the hunt will continue on foot. The hunting camp lies at an altitude of around 3.000m a.s.l. and

you will hunt in terrain between 4.000 and 4.500 a.s.l. The hunting season is from 15th August to 15th December and from 15th February to 31st March

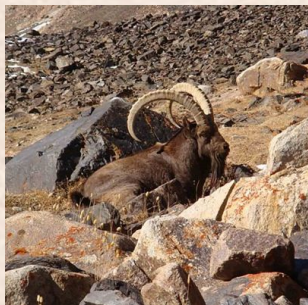

## Itinerary

Day 1: Departure to Bishkek

Day 2: Arrival early in the morning in Bishkek. You will be received by one of the staff members of the hunt organizer. Thereafter transfer to the hunting area (approx. 9 hours)

Day 2-7: 5 days hunting. Accommodation with full board

Day 8. Transfer to the airport. Departure.

## ACCOMMODATION

# Accommodation - Hunt for Ibex in Kyrgyzstan

During the hunt, depending on hunting area, you will either be staying in mobile homes, wooden cottages or in the traditional yurts (Kyrgyzian round tents, which you find in many places in Asia, f.ints. also in Mongolia and Kazakhstan). During the actual hunt you will often be staying on very primitive tents in the mountains or even in rock caves. Therefore it's very important that you bring a good sleeping bag and a sleeping mat.

Before and after the hunt you stay at a good hotel in Bishkek.

During the hunt full board is included in your stay and the organizers do their best to server good and nourishing meals. However, you must also be aware that often it is diifcult for them to get the wanted supplies. Therefore we recommend that you bring a few supplies such as instant soup, chocolate, energy bars etc.

## HUNTING AREA

# Hunting Area - Hunt for Ibex in Kyrgyzstan

You will be able to enjoy the panorama of the impressive Tien-shan mountains during the whole tour. This hunt is certainly not just a relaxing horse-back ride in an outstandingly beautiful landscape. These mountains are much more than a treat for the eyes, they present a real physical challenge, especially when you are stalking in to ibex. The hunting districts have large populations of game, and the numbers of good trophy ibex are high, and this area is visited by few trophy hunters.

Our partner has six different hunting areas, Ulam, Karakolka, Boz-Jalpak, Jany-Jer, Cementi and Emegen, all situated in the territory of Issyk-Kul and Naryn regions, and with a total area of 200.000 hectares

# About us

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
