HIGHLIGHTS & DESCRIPTION

Whitetail hunt in Finland - there are no a...

Overview

Finland is the only country in Europe where it is possible to hunt wild Whitetail deer. We are very pleased to now offer hunters the chance of hunting this species on a good hunting district in southern Finland, approx. 120 km northwest of Helsinki.

The hunting district is circa. 5.500 ha in size and lies in incredibly beautiful terrain with plenty of water and large areas of forest. Here there is a large population of Whitetail and also good numbers of moose and roe deer. Our hunters are accommodated 15 minutes from the district.

The hunt for Whitetail will be carried out as hunt from highseats. In the early morning and the evening you will hunt from strategically placed high seats in the hunting area.

Hunters fly to Helsinki, where our partner will arrange transfers, or you can hire a car.

The hunt is for a group of 2-6 hunts. Individual hunters are welcome to book also.

Hunting period:

October-December

HIGHLIGHTS

- Unique hunting for whitetail deer in free range
- Experienced staff and well organized hunting
- Hunting from highseats morning and evening
- Very comfortable accommodation close to the hunting area

ACCOMMODATION Kartanon

During your stay, our hunters will be accommodated a hotel located close to the hunting area, or in a luxury villa, at an additional cost, which is suitable for larger groups. We prioritize to accommodate our hunters in double rooms unless otherwise is agreed in advance.

The stay in the hotel includes a generous breakfast buffet, WiFi and free access to the hotels swimming pool and gym. By staying in a luxury villa, depending on the size of the group, there will be either a cook present in the house which prepares all meals or meals will be delivered from elsewhere. For smaller groups, our partner will invite our hunters to a restaurant - but in any case, our guests will be taken good care of.

PARTNER Kartanon

We are very pleased to have formed a partnership with this experienced and quality-conscious outfitter in Finland.

Kartanon was founded in 1999 by Niko Hytönen and Antti Eklund, who both shared a great passion for hunting and game management. Initially, the company mainly organized driven hunts for moose and deer, but they quickly expanded the range of hunts they offered to include wing shooting for ducks and pheasants, then later added their popular hunts for partridges.

Today our partners offer hunting in 2 different hunting districts: in Kytäjä the hunting is primarily for partridge, pheasants, ducks, whitetail deer, roe deer and moose, while in their other district on the island on Strömsö they arrange driven hunts for fallow deer.

Since 1999 Kartanon has organized professional hunts for many demanding Finnish and international clients, including both private individuals and corporations. Therefore today our new partners offer some of the best organized, high quality hunts in whole Finland.

HUNTING AREA Kytäjä

The hunting district is some 5.500 hectares in size and lies in an incredibly beautiful area. The terrain is rich in water with plentiful forests. The hunting district is in southern Finland, circa 120 km west of Helsinki. Our hunters will therefore experience some driving time between landing in Helsinki and arriving in the district. Our partners from the hunting district will collect the hunters from the airport, unless they would prefer to hire a car and drive themselves. The hunting district has a good population of White Tail, but you can also find good populations of moose and roe deer.

Finland is actually the only country in Europe where it is possible to hunt White Tail in the open countryside.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
