Hunting

Katmai Guide Service offers fully guided hunting on Federally approved land for brown bear, moose, mountain goat and Sitka Black-tail Deer on Kodiak Island.

Brown bear- and moose hunts can take place in Becharof National Wildlife Refuge (which lies on the southern border of Katmai National Park), Aniakchak National Monument and Meshik River Valley on the Alaskan peninsula.

Kodiak Island

Like the Alaskan peninsula itself, Kodiak offers a wonderful wildlife experience with a wonderful range of animal life including Kodiak brown bears, mountain goat and Sitka Black-tail. We hunt on both Federally approved land and privately owned districts.

HIGHLIGHTS

- Unique hunting areas on Kodiak Island

The only way to reach these hunting districts is by plane, which is a spectacular experience in itself.

Huvud Camp is a traditional Alaskan style camp, which lies right on the coast. Here you will experience the wonderful local fauna which includes seals, whales, otters, foxes, eagles and many other species of bird. Here the spectacular coastal mountains bjerger meet the crystal clear sea, and here there are also plenty of fish, including halibut, cod, rockfish and crabs.

We will hunt the mountain goat over the many coastal mountains on foot. This hunt can be described as a traditional mountain hunt, but it will come to stand out as one of the most unforgettable hunts you ever do. It is also possible to hunt Blacktail stags here.

The lush vegetation and sheer beauty of the hunting district make a great impression on every hunter lucky enough to visit here.

ACCOMMODATION

Kodiak camp / Mountain Goat

You first fly to Anchorage, where you should plan on overnighing in a hotel. You will then fly to Kodiak, where depending on the times of your flight and the weather conditions, you may also need to stay in a hotel. As a hunter you must be prepared to accept that flight times in Alaska are very dependant on the weather. It is always a good idea to arm yourself with a lot of patience when you travel to Alaska. Charter flights are often with floatplanes, which are able to land on lakes or sheltered bays. The outfitter and guides will be waiting for you in the basecamp.

Hunters will spend a few days in the base camp, but for the majority of your time visiting hunters will stay in smaller hunting camps with their guides. All food and accommodation during the hunt is included in the price. However you may need to budget for extra hotel accommodation and meals before and after the hunt. Kodiak is a small town, so there is not so much to do here. However it is worth arranging to spend an extra day in Anchorage on your inwards or outward journey. There are plenty of things to see in Anchorage, and hunters can find a visit to one of the big hunting and fishing mega-stores, such as Cabelas or Bass Pro Shop very interesting.

HUNTING AREA Kodiak Island

Katmai Guide Service tilbyder fuldt guidede jagter på føderalt godkendt land på brunbjørn, mountain goat og sitka black tail deer på Kodiak Island. De tilbyder også brunbjørn og moose jagt Becharof National Wildlife Refuge (ligger ved den sydlige grænse af Katmai National Park) og Aniakchak National Monument & Meshik River Valley på Alaska Peninsula.

Brunbjørnejagterne på Kodiak Island finder sted på Kodiak National Wildlife Refuge land, hvor outfitteren har eksklusive jagttrettigheder og er den eneste outfitter som må guide jægere i disse områder. Der tillades normalt kun 3 jægere om foråret og 3 jægere om efteråret. De fleste bjørne der nedlægges, ligger størrelsesmæssigt omkring 9 – 9½ fod, men der findes rigtig gode muligheder for at nedlægge bjørne på 10 fod eller større!

Kodiak Island har konsekvent leveret nogle af de største brunbjørne i verden, med trofæstørrelser som ligger øverst i den amerikanske Boone & Crocket Record Books. Brunbjørnebestanden på Kodiak Island er rigtig god, og man kan forvente at se mange store bjørne. At have muligheden for at jage en af ??disse unikke bjørne er virkelig toppen af

??nordamerikansk jagt, og en af ??de mest eftertragtede storvildtarter i verden. En Kodiak brunbjørnejagt er præcis ligesom alt andet nordamerikansk jagt "fair chase" og altid spot and stalk.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
