The main house has six large bedrooms with en suite bathrooms, and a separate villa offers three additional bedrooms with private bathrooms. The property's many verandas, along with the large swimming pool and sunken lounge area with a fire pit, provide ample space for relaxation.

ACCOMMODATION Escondido Lodge

Escondido Lodge er beliggende på den vestlige side af Córdoba-provinsen i et af de største kunstigt vandede områder i Argentina til landbrug, hvor man finder utallige jordnød-, solsikke- og sorghummarker, hvilket gør området til et kæmpestort spisekammer for duer.

Lodgen har otte rummelige soveværelser med eget badeværelse. Fire af soveværelserne er blevet bygget for nyligt, og hovedlodgen blev fuldstændig renoveret i 2018.

Escondido Lodge is located 3.5 hours' scenic drive from Córdoba Airport, taking you through the mountains to reach the lodge by van.

En typisk dag på Escondido Lodge

Køreafstanden til jagtmarkerne ligger mellem 15 og 50 minutter og finder sted i lodgens egen luksus 9-personersbus med aircondition og kølige drikkevarer. Hver jæger har deres egen erfarne professionelle bird-boy, som vil stå for patroner, fungere som lader, hente skudte fugle og holde kølige drikkevarer klar

under hele jagten. Jagten starter om morgenen fortsætter indtil middag, hvor gruppen samles i skyggen til en traditionel argentinsk "asado" (grillfest) suppleret med salater, gourmetdesserter og fantastiske argentinske vine.

Frokosten kan også serveres på selve lodgen, hvor du kan nyde en siesta i dit afkølede soveværelse. Jagten om eftermiddagen fortsætter indtil omkring kl. 18:00. Ved ankomst til lodgen efter jagten, vil jægerne blive budt velkommen med appetizers og et forfriskende håndklæde.

Efter en lang dags duejagt, serveres der kolde drinks og snacks tilbage i lodgen på nogle af de hyggelige udendørsområder, inden chefkokken byder på et gourmet aftensmåltid med en lækker blanding af europæiske og argentinske retter og vine, som selvfølgelig indeholder argentinsk oksekød!

Gourmet måltider og høj service venter de jægere der kommer på jagt her. Nyd et 5-stjernet ophold på Escondido Lodge!

PARTNER Hayes & Hayes

H & H Outfitters, owned and operated by Alex and Zeke Hayes, has spent the last 17 years exceeding their client's expectations and developing a reputation as one of the finest in the business.

Cordoba Province offers the best dove shooting in the world. The mild climate, extensive agriculture, and perfect roosting conditions produce an ever-increasing population of doves. H & H Outfitters, located in northern Cordoba, provides the finest dove shooting in Argentina.

H & H Outfitters own and control over 20,000 acres of the best land in the heart of the prime roosting areas in Argentina. The roosting ground is a heavily wooded area with native trees called Piquillin, frequently crossed by natural streams, producing an ideal habitat for the reproduction of doves. Vast and fertile valleys that furnish immense quantities of grain surround these refuges. In addition, Alex and Zeke plant crops exclusively for doves on their land and use no-till methods which provide consistent and unlimited amounts of food. By practicing these game management techniques, we are the only Outfitter in the area that offers excellent shooting throughout the entire year.

HUNTING AREA Cordoba

In Argentina pigeons are a constant plague for farmers, therefore the hunting season is open all year. In many places you can find nesting colonies with millions of breeding birds, and the pigeons are constantly flying to farmland where they feed off the crops the whole day. There is never any bag limit on an Argentinian pigeon shoot and you will experience that the most limiting factor to the numbers on parade is sore shoulders. If you want, you can often fire from 500 up to 1,000 shots during a day! The small fast flying doves are normally shot while they are on passage, but occasionally decoys are used to bring in pigeons, that are slightly smaller than our wood pigeons. We can arrange high volume pigeon shoots with varying degrees of luxurious accommodation and meals, but they all have one thing in common, the hunting is no less than incredible!

accommodation and service attracts many hunters.

There are flights to Cordoba Airport, which is between 35 minutes to a few hours drive from the different accommodation.

The terrain is fairly flat, so it requires no great stamina when it comes to moving around in the area, BUT bird hunting itself requires some stamina. It is of course up to the individual hunter, how much effort one will put into it, for it is primarily the physics of the hunter, which puts a limit on how many birds you can shoot per. day.

When the day is over, there will be an opportunity to get a well-deserved massage, so the body is again ready for a new day in the office.

Hayes & Hayes is based in Cordoba province, where you fly to Cordoba. The owns more than 10.000 hectares but has far bigger areas. Hayes and Hayes are generally known for their excellent pigeon shooting, but also their high level in terms of

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
