HIGHLIGHTS & DESCRIPTION Red Stag Hunt in Jawor

Red Stag Hunting in Poland

Throughout history, great deal of prestige is awarded to hunters who shoot a mature stag! The red stag is the undisputed King of Europe's game animals - the trophy which all European hunters are most keen to hang on their wall. However, it is only when you have experienced the thrill of hunting during the height of the rut, that you really understand why this is.

The red stag is powerful, graceful - even majestic - and easily the most impressive animal in our forests. It is quite natural that all European rifle hunters will want to test their skills against this game - preferably more than once!

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality red deer hunts. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns during the rut.

You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset. It will often be possible to combine stag hunting with a roebuck hunt, if the district has any left on its shooting quota, or with hunting for wild boar.

HIGHLIGHTS

- District 10,229 hectares in size
- Part of the district is hilly (up to 600 m.a.s.l.) – there is also a good population of mouflon
- Annual shooting quota: 215 head of red deer – including 48 stags
- The average size of stags shot during the rutting time over the last 2 years is between 5-7 kg
- Accommodation is of a really good standard at the home of the districts gamekeeper. Modern facilities.

It is not just the trophy which is very attractive, even the hunt for red stags is itself is extremely attractive - both because of the real challenge in getting yourself within range of a big stag, but also because of the many traditions that are associated with this hunt.

Quite simply it is the experience of a lifetime! You can choose between hunting following the price list or on a fixed price package - we have both larger and smaller stags available to hunt. There is something for every taste and budget!

A hunting tour to Poland can make stag hunting convenient, easy and inexpensive and you can be sure of enjoying a wonderful outdoors adventure. Stag hunting in Poland has been popular for quite some time now - and for good reason! A stag hunt in Poland is the perfect way for both new and experienced hunters to be certain of a great hunting experience.

PARTNER RDLP Wrocław

The Regional Direction of State Forests in Wrocław – the Regionalna Dyrekcja Lasów Państwowych we Wrocławiu, or in everyday speech the RDLP Wrocław – is our longest standing partner in Poland. We have been sending hunters to the districts managed by RDLP Wrocław since 1978, when we used one of the districts. Now we use a total of 11 state owned districts, of which we have long term contracts with 6 of the very best. On the rest (= 22) of their total of 33 districts, the hunting is let out to various Polish hunting associations.

In common for all the state-owned districts under RDLP Wrocław, which in 2015 could celebrate its 70th anniversary, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is

normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Wrocław is clearly a good choice!

HUNTING AREA Jawor

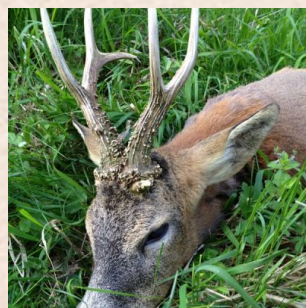

Our state hunting district, Jawor, covers a total area of 10,229 hectares. The landscape is diverse, with 5,994 hectares of forest, while the remaining 4,235 hectares consist of agricultural land and lush meadows. The forest is composed of 55% oak and 30% coniferous trees, along with birch, beech, alder, and aspen. The terrain is partly flat and partly hilly, reaching elevations of up to 600 meters above sea level. Jawor has 121 high seats, as well as 29 feeding places. Up to four hunters can participate in individual hunts at a time, while the exciting driven hunts are conducted for groups of 10 to 14 hunters.

The district is home to roe deer, red deer, wild boar, and mouflon, as well as a small population of fallow deer. Around 70 roe bucks are shot each year. Most trophies weigh less than 350 grams net, but a significant number exceeds 350 grams, with some even surpassing 400 grams. The annual red deer quota is approximately 50 stags—most with a trophy weight of 5 to 7 kg, though stags reaching up to 8 kg are recorded almost every year. The district maintains a healthy population of wild boar, which are hunted both individually throughout the season and during the four driven hunts held in autumn and winter.

Mouflon are also present in Jawor, but their numbers are under pressure due to wolves in the area. As a result, only four rams are available for hunting per season, and no ewes or lambs are taken. The trophy size of the harvested rams ranges from 60 to 95 cm in horn length, with good chances of strong rams exceeding 80 cm.

Accommodation is provided in a beautiful hunting lodge located directly within the district. Guests are treated to delicious meals. The lodge has rooms on both the ground and first floors, offering five double rooms and four single rooms, all with private bathrooms. A cozy lounge with a fireplace provides a comfortable gathering space. In the basement, guests will find a billiard room, a large drying area for wet clothing and boots, and a personal gun safe for each visitor. The lodge has Wi-Fi, though mobile coverage is limited.

The head of hunting operations is Tomek, who has worked in the district for more than 30 years and manages all aspects of the hunt with great professionalism.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
