Best time to hunt

Trophy hunting

It is the Hungarian hunting guide, in whom you can have a great deal of confidence, who will assess the game and ensure you get the best possible chance of a shot.

According to Hungarian hunting regulations, as a visiting foreign hunter you have to accept a +/- 15% tolerance of the assessed size of the trophy you shoot. If the deviation from your agreed size is greater than 15% you have the right to leave the trophy in Hungary without paying for it. This helps ensure that you can keep within your planned budgetary limits.

Individual hunts are either carried out as stalking or lying in wait. Jeeps, or similar vehicles, are used to drive around the hunting district.

HIGHLIGHTS

- Hunt in the country's best districts for big roebucks
- Districts of 17,500 hectares
- Really good populations of roe deer
- Approx. 1.000 roe deer is shot per season, of which 100 are bucks
- Jeep and horse drawn carts are often used to help cover the terrain

HUNTING AREA East Hungary

We have several good territories for roebuck hunts. Especially in the eastern part of Hungary near the "Puszta" or the Hungarian Plain, which is a colossal plain area southeast of Budapest, which makes up approx. 50% of Hungary's area. The area is mainly flat, but forms a perfect biotope for wild game. The plain is bounded on the west by the river Danube and reaches to the east into the former Yugoslavia, Romania and Ukraine.

From April to early August is the best time for hunting roebucks. However, a lower activity must be expected during very hot periods, up to the start of the rut in late July. Trophy wise, the shot bucks are around 200-500 grams in netto weight, but in some areas bucks up to 700 grams can also be taken.

The areas all have good game populations, and in some territories there will also be a chance for wild boar during the roebuck hunt.

The roe deer population in this part of Hungary is absolutely extraordinary and many territories shoot up to 1,000 roe deer per season, of which approx. 100 are bucks.

About us

i

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
