HIGHLIGHTS & DESCRIPTION

Roebuck Hunt in Jawor

Roebuck Hunting in Poland

Roebuck hunting in Poland has become a wonderful tradition amongst rifle hunters. The season starts in the spring - on May 11th -, and continues right up to the end of September. In other words it is possible to enjoy both hunting earlier in the spring as well as an exciting, traditional rut hunt in July/August, when it is possible to call-up the bucks. If you are a true roebuck enthusiast, you really should not miss any of these highlights!

The population of roe deer in Poland is, thanks to longstanding strict game management policies, both very large and very dense. Year after year this wealth of game brings hunters from all over north western Europe to the vast Polish hunting districts to try their luck.

We can offer a wide range of the very best State Forest Districts in western Poland, all of which can deliver top quality roebuck hunts. The Polish districts can offer trophies of different sizes, leaving you free to choose whether you would prefer to hunt for a number of smaller bucks or go for a single, really good, trophy. These State Forest Districts all have well trained, experienced and very responsible hunting guides, who each have their own areas in the districts, which they know like the back of their own hands.

The hunt usually takes the form of stalking or lying in wait on one of the towers that have been optimally placed in each district, with regard to the deer's behavioural patterns. You will go out hunting twice a day, once in the early morning starting before dawn, and again in the late afternoon/evening during the hours around sunset.

HIGHLIGHTS

- District 10,229 hectares in size
- Part of the district is hilly (up to 600 m.a.s.l.) – there is also a good population of mouflon
- Annual shooting quota: 150 head of roe deer – including 57 bucks
- Most bucks are between 200-300 gram, but with possibility of bucks over 300 grams as well
- Accommodation is of a really good standard at the home of the districts gamekeeper. Modern facilities.

No matter which season you have chosen to go roebuck hunting, it will always be possible to combine your hunt with hunting for wild boar, again early in the morning and in the late evening, which are the periods the boars are most active.

We are able to offer fixed price packages, on which a hunter only need to follow the advice of his guide and does not need to worry about a large extra bill if you shoot a really good trophy. It is also possible to hunt following the districts regular price list, or our graduated price list with several categories of trophy size. Simply let us know in advance how you would like to hunt, and we will trailer your trip to it your wishes exactly!

PARTNER RDLP Wrocław

The Regional Direction of State Forests in Wrocław – the Regionalna Dyrekcja Lasów Państwowych we Wrocławiu, or in everyday speech the RDLP Wrocław – is our longest standing partner in Poland. We have been sending hunters to the districts managed by RDLP Wrocław since 1978, when we used one of the districts. Now we use a total of 11 state owned districts, of which we have long term contracts with 6 of the very best. On the rest (= 22) of their total of 33 districts, the hunting is let out to various Polish hunting associations.

In common for all the state-owned districts under RDLP Wrocław, which in 2015 could celebrate its 70th anniversary, is good, professional and stable game management, with each district having its own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is

normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Wrocław is clearly a good choice!

HUNTING AREA Jawor

The Jawor state hunting district covers a total of 10,229 ha. of which 5,994 ha. is forest, while the remaining 4,235 ha. consists of farmland and meadow. The forest is made up of 55% oak and 30% conifer, but there are also areas of birch, beech, alder and aspen. The district is partly flat and partly hilly (up to 600m above sea level). Jawor has 121 high seats/stands and 29 feeding places. The district can take 3 - 4 hunters at a time for individual hunts, while driven hunts can be arranged for groups of 10 - 14 hunters.

This district can offer roe deer, red deer, wild boar and mouflon. The annual bag of roe deer here is around 45. The trophy size for the majority of the bucks is under 350g, but bucks of over 350g are taken here. There is an annual quota of 16 red stags - the majority of which produce trophies of between 4 to 6.5kg, however stags of up to 8kg - and even over - are taken more or less every year. Jawor has a dense population of wild boar, which can be hunted on individual hunts throughout the season, as well as on the 5 driven hunts that are organised during the autumn and winter. Jawor is also home to Poland's largest free living population of mouflon, of which we can sell 15 mouflon rams each

year, naturally as well as ewes and lambs.

Jawor is 160km from the border crossing at Forst/Olszyna, 10 km from the town of Jawor, 30km from Legnica, which is the closest major town, and 75km from Wroclaw which is the closest international airport.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
