HIGHLIGHTS & DESCRIPTION

Tahr and Chamois Hunting in New Zealand

Overview

This hunt in New Zealand for red stag and other mountain game takes place on a circa 2000 ha hunting district next to your base-camp. This mountainous district is breathtakingly beautiful, which makes this hunt for world class stags and the game into a very exciting adventure.

The accommodation is very exclusive, with food, wine and other drinks of the highest quality.

You will be met in the airport at Christchurch, before being transferred to the hunting camp.

The hunting here starts at the beginning of April, and finishes at the end of August. Jagtperioden starter i begyndelsen af april og er slut sidst i august. This is because many of the animals you can hunt are in rut during this period, and they are also carrying a very fine winter coat.

HIGHLIGHTS

- Circa 2,000 hectares of hunting around the base camp
- Incredibly beautiful district with hilly terrain
- Exciting hunting for world class stags
- A physically challenging hunt for hunters who really want to challenge themselves

HUNTING AREA Kaikoura

Wilderness hunting

Dette er den mest udfordrende jagt der tilbydes. Man bliver fløjet ud til jagtområdet i helikopter, hvor man jager fra en grundlæggende teltlejr. Denne jagt finder sted på offentligt eget land, hvor terrænet er stejlt og yderst bjergrigt. Afhængigt af årstiden jages der også længere nede i dalene hvor krystallklare floder strømmer gennem buskklædte dale, der stiger op til udsatte klippeflader og snedækkede toppe. Tahr og Chamois lever i talrigt antal i den newzealandske vildmark (offentlig jord) med en imponerende trofækvalitet. Tahr og Chamois lever i de samme områder og er den mest populære kombinationsjagt. Det er en krævende form for jagt, som kræver at man er i god fysisk form og har udstyret i orden. Denne form for jagt byder på enestående naturoplevelser og tester jægerens evner i vildmarken.

Private land hunting

Vi har adgang til seks fremragende privat ejede arealer som er fordelt på mere end 250.000 hektar med en stor bestand af vildtlevende dyr. Der er hvert år et begrænset antal trofædyr, som

må nedlægges på disse arealer. Jagten på privat ejet jord er ikke så hård fysisk som vildmarksjagterne, da der her bruges køretøjer til at komme frem til områderne hvor dyrene er lokaliseret. Terrænet varierer meget fra smukke skovklædte dale, til bjergrige områder hvor der jages oppe i bjergene. Jagten foregår fra en komfortabel jagtlodge. Jagt på privat ejet jord tilbyder jægeren en virkelig fantastisk new zealandsk jagtoplevelse.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world’s largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are “regulars” you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by “agents” of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking “cheap” packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer’s individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
