## HIGHLIGHTS & DESCRIPTION

# Red stag hunting on the west coast of Scot...

### Overview

Up to 2 stags per hunter are included with this hunt and the estate can take up to two hunters at a time.

Normally the guiding is 2:1. Hunting 2:1 basically means that 2 hunters will share 1 stalker (guide), and both hunters will accompany the stalker into the hills until a herd of deer has been located.

Then together the whole party will stalk closer to the herd. When close enough the stalker and only the hunter who will take the shot make the final stalk. It is a great way of sharing one another's experiences.

On this estate it is possible to combine the hunt with salmon fishing.

### HIGHLIGHTS

- A real wilderness tour, where you sail to most of the hunting districts
- Dramatic landscape
- Guiding is 2:1 (2 hunters share 1 hunting guide)
- On the estate you can combine hunting with fishing

**PARTNER**

# Partner - Wilderness Hunt for Red Stag

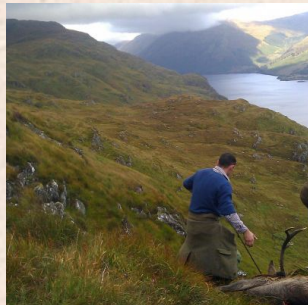

We have worked together with this partner for many years and enjoy an excellent relationship with him. He is always ready to deliver the best possible hunting for his guests. The stalker here has a great deal of knowledge about, and enormous of experience in hunting stags in the highlands.

and are also very accommodating. We cannot recommend hunting with our partners here highly enough!

Our hunters find they really benefit from his expertise and they really enjoy the great service he provides. When you go hunting in the highlands it is vital that you have an experienced stalker with you as this will simply make your hunting experience so much better.

Our stalker in this district sets great store on giving hunters a thorough briefing when they arrive, so they know exactly what will happen over the next few days. Typically you will set out around 9 in the morning and be out hunting for most of the day. Typically the hunting will be 2:1, which means that 2 hunters will share one stalker. In this way you will also both be a part of each others hunting experience.

It goes without saying that your stalker here will speak English

## HUNTING AREA Fort William

This hunting district lies in the fascinating landscape of the western highlands of Scotland. In this part of Scotland you can really challenge yourself physically! The districts here are mountainous and home to a really good population of red deer. Some of the districts are most easily accessible by boat, you will find the combination of stalking in the beautiful Scottish Highlands and sailing amongst the mountains makes this hunt absolutely unique. Here you will really feel that you are "in the middle of no where", far from civilisation. This district is for the hunter who really wants to test themselves, and walk far every day to get to the most remote parts of the district to hunt. Typically the hunting will be 2:1, which means that 2 hunters will share one stalker. In this way you will also both be a part of each others hunting experience.

The district's stalker has plenty of experience of hunting stags here in the highland of Scotland. It is a wonderful experience to hunt with him, and see how well he knows the terrain, as he guides our hunters on an exciting stalk in this beautiful and varied landscape. When you go hunting in the Scottish Highlands it is very important that you have the correct hunting gear with you.

Now and again, it has been known to rain in Scotland. There is nothing worse than getting soaking wet almost before the hunt has really started. So make absolutely sure that you have good wind- and rainproof hunting clothes and a good pair of leather boots – we also recommend wearing gators, which can help keep your feet dry throughout your hunt. In this district we only hunt for red deer. It is not unusual to see herds of more than 200 head of game. This is a really special experience, that we really do recommend that all our many hunters try at least once.

Naturally your guide speaks English.

# About us

## Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world’s largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are “regulars” you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by “agents” of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking “cheap” packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer’s individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
